CAMPUS NEWS

LA SALLE UNIVERSITY'S WEEKLY INFORMATION CIRCULAR

July 19, 1996

Memorandum

To: All University Directors and Academic Department Chairs
From: Ed Nickerson
Date: July 17, 1996
Re: Technology Training

In the past several months, there have been a great many changes in the technology base here at La Salle, and several more changes are imminent. By the start of the Fall 1996 semester, nearly every full time faculty or professional staff member of the university will have a '486 or better PC, running Windows, and hooked up to a common file-sharing network and email system. One of the most important elements in ensuring the success of these projects is training.

To date, I think the results of our technology training sessions have been mixed. The feedback we have received indicates that you would like us to concentrate on the practical aspects of the topics we cover, exploring the relevance of each software feature in accomplishing real world tasks. We will also be working on our handouts to ensure that they enable the students to recapture the classroom topics long after the class is over.

In an era of reduced staffing and increasing workload, it can be very difficult to find the time to attend, or to allow your faculty members or staff to attend, training sessions. However, it is essential that everyone who needs to use the new software has the opportunity to receive training. Accordingly, the Computer Governance Committee has changed the policy relating to the method by which training seats are filled. The new policy calls for the allocation of seats to be made by organization, instead of on a first-come-first-served basis. The directors to whom these seats are allocated should ensure that the training slots are filled with an appropriate participant in every instance. Outlines for each course will be provided by the Information Technology Department concurrently with the assignment of seats, at least a week before the class.

It is our goal to make the training as useful and as convenient as possible. If your department is assigned class slots which you do not feel you can use, we will work with you to reschedule. Ray Cardillo will be coordinating the training program. Please contact him with any suggestions as to curriculum, handouts or scheduling. He can be reached on extension 1875.

Campus News is distributed weekly to foster communication and encourage information sharing among University departments. Articles submitted are the responsibility of their authors alone and do not imply an opinion on the part of La Salle University or the Department of Mail and Duplicating Services.

Information Technology

Training Schedule Class Descriptions

- **Microsoft Windows:**

Get started with the point and click method of computing. Topics covered in this course: logging on to the campus network; parts of the Windows screen; getting around in Windows; starting and managing programs; basics of file management.

Pre-requisites: NONE

- **Microsoft Word**

Intro: Getting started with the new word processor. Included in this class: creating documents, editing, formatting and printing.

Level 2: This level includes: creating columns, tables and working with tabs.

Level 3: A special class devoted to performing a mail merge.

Level 4: Advanced layout and design including style sheets, drawings and working with images and clipart.

Pre-requisites: Basic Windows Class; Intro class necessary for levels 2-4.

- **File Management / FTP**

Learn the basics of organizing your files and documents on your computer and how to move files to remote computers.

Pre-requisites: Basic Windows Class

- **Microsoft Excel**

Intro: The basics of designing a spreadsheet and developing charts and graphs.

Pre-requisites: Basic Windows Class

- **Microsoft Access**

Intro: Entering and editing data; learning database terminology, creating tables, forms, and queries.

Pre-requisites: Basic Windows Class

- **Microsoft PowerPoint**

A half day course to learn about this presentation package. Uses of this package include designing presentations for groups (teaching) and creating attractive overhead transparencies. ***TIME TO ORDER YOUR TICKETS
 NOW
 FOR OUR LAST
 READING PHILLIES BASEBALL
 GAME OF THE SEASON
 (SUNDAY, JULY 21ST)***

We make our last stop at Reading to see the Eastern Division Champion Reading Phillies on Sunday, July 21st for a 1:05 p.m. game.

Just a reminder of what we're offering in Reading (approximately 90 minutes drive from Philadelphia): seats in the third base picnic patio (right at the third base bag), two-hour buffet (beginning one hour before game time) and free parking - all for \$14 per person (children under five are free). Gates open 90 minutes before game time. The first 2,000 kids 12 and under receive a free U.S. Healthcare Reading Phillies wall clock (so get there early).

Details are as follows:

Sun. July 21st, Reading Phillies vs. Canton Indians.

Gates open at 11:30 a.m.

Open Buffet from 12 noon until 2:00 p.m.

Game time is 1:05 p.m.

Tickets are \$14 per person (children under five years of age enter free)

HOW TO ORDER TICKETS:

If you are interested in attending or have any questions, please call Edward Turzanski, Director of Government Affairs at x1391, or at his home(215-281-3887) or return the bottom portion of this form to the Office of Government Affairs via campus mail.

Please make all checks payable to "La Salle University." Sun. July 21 game.
