Brother G. Paul Attends Meeting of Men of LaSalle

Brother G. Paul, president of LaSalle College, always a welcome guest, attended the September Meeting of the Men of LaSalle, at which time Brother Paul gave a talk on the problem of accommodating the large enrollment in both the day and night classes at the college. Brother recalled that a few years ago the graduating classes were rather small and, in fact, all of the classes were able to be assembled in one room. Much of the success of LaSalle College in recent years can be traced directly to the good sound judgment of Brother Paul. This is clearly demonstrated when Brother Paul stated that they recognized that the large enrollment at the college is slightly inflated as compared to normal times.

Brother Paul was very pleased by the large attendance at the meeting and recalled that one of the members present was one of his students at West Catholic some years ago.

Brother informed the members present at this meeting that Brother George, the new principal, was confined to the Faculty House with a cold and would attend one of our later meetings.

Joe Verdeur Speaks at Next Meeting

On Thursday, October 21, 1948, the Fathers Club will have as a guest Joe Verdeur, LaSalle College's great swimmer. This meeting will be a Father and Son Night.

WHAT WE KNOW

What some of our Men of LaSalle will not stoop to so as to use an alibi in the pretense of getting business, was well demonstrated at the tail end of this past summer.

Ed Ganley had driven over from Ocean City to visit Joe Cragin in Margate, and while standing in front of Joe's house, who should drive along but Jim Morro, who, of course, had to put on the act; stepping from his car remarking "pretty soft for youse guys. Here I am down here trying to get some business and youse fellows are taking it easy." (Well for the benefit of our uninformed readers, Jim is in the printing business and specializes in printed paper doilies, restaurant type.)

What certainly doesn't add up is that there is no place on the Island South of the Knife and Fork that uses paper napkins after the Labor Day crowd has left for home. The natives just decorate the plain Mahogany after that date. Well it sounded good until this Jersey Coast expert was informed of the matter.

Note from Women's Kitchen Band

Sept. 14, 1948

Dear Mr. Morro:

On behalf of the St. Luke's Kitchen Band, we would like you to accept this donation of \$15.00 for the benefit of the homeless boys at St. Francis'.

Respectfully,

ISABEL McILROY.

New Officers Take Office

Before the largest gathering of New Fathers ever to attend the first meeting of the year, the officers, elected last spring to serve the 1948-1949 year, assumed office. Brother Eliseus Joseph, Moderator of the Men of LaSalle, administered the oath of office to the incoming president, James N. Driscoll, after which time the new chairman requested the new officers to rise as they were introduced to the membership.

Retiring president, Ed Ganley, rendered an account of the activities of the last year, starting with the excellent work and affairs promoted by the Social Committee under the chairmanship of James Morro which included the Mothers' and Fathers' dance, the performance of the Glenside Woman's Kitchen Band, Intramurals Basketball Sports Night, when awards were donated for the contestants by class teams and individual awards to the best foul shooters.

The Social Committee also furnished several movies at the conclusion of the regular monthly meetings and last, but not by any means least, was the Second Annual Minstrel Show, organized under

DUES

Have you paid your dues for the present year? The dues are our only fixed source of income. To maintain the operation expenses of our association and to fulfill its objectives, it is essential that the members pay their dues of a minimum of two dollars a year. Even though your boy has graduated from LaSalle, we are anxious to retain your membership and presence at our meetings.

the Social Committee consisting of Jim Morro, Robert Studholme, Jr., and Leo Schwitzer and performed by the Men of LaSalle. While this show had high qualities and was one of the best in the city, it also was poorly attended by the membership and as a result, not a very good financial success. This was more than compensated for by the gratitude shown by three hundred and fifty (350) boys from St. Vincent's Industrial School who attended the show as guests of the Fathers Club who also had them transported in from Eddington, Pa., by bus.

Of the other outstanding activities of the Men of LaSalle in the past year, was the work administered by helping to make a success of the drawing for two automobiles with the proceeds for the LaSalle Endowment Foundation Fund.

Fathers' Club to Assist

Because of present economic conditions, more and more LaSalle College students are depending upon part time work to help them through school.

You are urged, therefore, to cooperate with the Placement Bureau by advising this department of any openings of which you know, or by using LaSalle College men in positions which you control.

This is a matter we often discussed both at our regular membership meetings and the Board of Directors, and we strongly urge the Men of LaSalle to give an all-out effort to assist in this important work.
