## Scope and Content

The Records of the Athletics Department consist of correspondence, annual reports, newsletters, documentation related to league membership, and records of individual sports played throughout La Salle's history. Also included in the collection are the records of club and intramural sports and recreational activities.

## Arrangement Note

---

The Records of the Athletic Department arrived in multiple accessions and were subsequently rearranged by subject. Original order was lost to such an extent that no attempt to reconcile it has been made. This collection has not been fully processed and files do not appear in alphabetical or chronological order. However, folder titles are accurate descriptors of their contents. Sections of the collection will be prioritized for processing according to researcher use or request.
