UNIVERSITY ADVANCEMENT  
University Communications

August 1, 2005

To the La Salle University community:

My name is Greg Fala and, on behalf of University Communications, I would like to introduce my colleague, Andy Estroff, and myself as the new members of the Web Development team for the La Salle University Web site. Our role is to manage, maintain, update, and enhance the Web site to serve the needs of our campus community and everyday visitors from around the world.

We offer our services to you to help improve the quality of your portion of the Web site. These include updating textual and graphical content, creating and linking Adobe pdf documents, developing automated online forms, redesigning and refreshing current Web sites, and designing new Web sites.

If you would like us to make updates to your Web site, you may e-mail us at [fala@lasalle.edu](mailto:fala@lasalle.edu) or [estroff@lasalle.edu](mailto:estroff@lasalle.edu) with your request. Please be as clear as possible with your request by including the URL or Web address of the portion of the Web site that you would like us to update. You may attach a Microsoft Word document with corrected content and where you would like it to appear on your Web site. You may also contact us by phone at 215.951.1907 if you have any questions or wish to discuss a project request with us. We hope to complete every project as soon as possible. We will be sure to give you an idea of our timeframe for your particular project, depending upon the scope of your project and our project workload at the time.

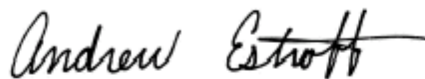

At the present time, Andy and I are also working to refine and implement a new Web site design for [www.lasalle.edu](http://www.lasalle.edu). We are also constructing Web design standards to be used when designing or redesigning Web sites that will complement the redesign of our home page and the graphic identity of the University. In the near future, we hope to roll out the newly redesigned home page, as well as a second layer of Web pages, which will follow the navigational structure established on the home page. We will be working to create a more unified and consistent approach to Web site navigation and design through the application of our new standards.

We are committed to providing our guidance, assistance, and expertise with your next Web site project. We look forward to providing you with quality service and efficiency to meet your Web development needs.

Sincerely,

Gregory J. Fala  
Web Manager

Andrew Estroff  
Web Coordinator

#### **Tech Trends 1: Gadgets and Gizmos | 9:30 AM - 10: 20 AM**

With every passing day, technology becomes faster, smaller and more useful in all aspects of everyday life. It seems with each passing year, students are coming to class with smaller cell phones, mp3 players and computers. Stop by to demo some new gadgets that La Salle students, faculty and staff have begun to incorporate into their daily lives. This session will give you an overview of some of these technologies, such as Tablet PCs, Dell Axim Pocket PCs an Thumb-Drives, and how you may be able to incorporate them into your curriculum, office and lifestyle! Register me for this session!

---

#### **Tech Trends 2: Communicating With "NET Gen" (Today's Generation) 10:30 AM - 11:20 AM**

Your students are blogging away, pod-casting, downloading their favorite tunes, uploading info to their wiki, and text messaging each other everyday. Do you know what they are doing? Find out about some of the latest trends in user-friendly technology that is captivating this generation. This session will give you a broad overview of podcasting, RealRhapsody, blogging, text and voice messaging, and wikis. We will talk about what these technologies can do and how faculty might want to use them in class. Register me for this session!

#### **Using Images in the Classroom - 11:30 AM- 12:20 PM**

A great image can really drive a point home in the classroom. But how can you manipulate the image, and if you got it off of the Web, do you need to ask permission to use it? This session will help you use images in your class, giving advice on sizing, incorporating images into lectures, and making them accessible to all students. We will also cover the specifics of fair use and the TEACH Act for education so that you can feel confident incorporating great visuals into your class.

### Training Clinic Director

**The Department of Psychology at La Salle University** is opening an immediate search for a **Training Clinic Director (Center for Counseling and Psychological Services)** to begin in Fall 2005. The Training Clinic is a community outpatient mental health center that functions as the primary training arm of the PsyD program in clinical psychology, and also provides training for students from our MA program in clinical-counseling psychology. Our APA accredited Psy.D. Program is committed to the evidence-based practice of clinical psychology and stresses the integration of clinical science and clinical practice throughout the curriculum. The successful candidate will have experience in clinical supervision and teaching at the undergraduate, MA and doctoral levels, have strong statistical analysis, data management and clinical administrative skills and experiences, have demonstrated scholarship through a record of professional publications/presentations, and demonstrate a clear commitment to the evidence-based practice of professional psychology, in particular the clinical integration of science and practice.

Candidates must hold a doctoral degree in clinical psychology from an APA accredited program, be licensed or license-eligible in Pennsylvania, and have relevant clinical, research, and teaching experience. Preference will be given to candidates whose experience is consistent with program specialties. We are committed to racial, cultural, and gender diversity among our faculty and student body.

Send application letter, statements of clinical and research interests, CV, official graduate transcripts, reprints, and three letters of recommendation to:

## Procedures for Submitting Items for Inclusion in the Campus News

All information must be submitted electronically as text by selecting a web form located in the **Campus News channel** in the mylasalle portal (located in the **Staff Services Tab**).

- Accompanying graphics may be submitted separately in the following manner:
  - via e-mail to the **campusnews@lasalle.edu**. The article title must be included in the subject line of the e-mail.
  - via floppy disk or CD
  - will be limited to one per article, unless a specific need for additional graphics is articulated. (EX: If La Salle and another organization partner for an event, the logos of both La Salle and the partnering organization would certainly be permissible.)
  
- PLEASE NOTE THE FOLLOWING: Graphics submitted may be resized to fit the document layout. Logos, signatures, and other graphics that are likely to be used frequently can be kept on file for future use. Please add a comment to this effect when you submit your graphic.

### If you have any questions or need assistance...

We realize that the community is being asked to work a bit differently in terms of submitting articles to be included in the Campus News.

By supplying standard web forms for your use, we are attempting to create efficient processes that will make it easier for you to submit articles. For example, employment postings will be automatically routed to the appropriate individuals in Human Resources for review prior to being sent to the Campus News.

If you need assistance with submissions, please contact Jim Sell at 215-991-3615 or [jsell@lasalle.edu](mailto:jsell@lasalle.edu)
