Summary Information

Repository: La Salle University Archives
Title: Records of the Division of Student Affairs
Identifier: UA.01.034
Date: 1980s-2000s

Physical Description: 9.0 Linear feet

Language of Materials: English

Administrative History

The Division of Student Affairs is dedicated to managing all aspects of student life outside the classroom. There are several offices that operated under the auspices of this division. The Administrative Services Office oversees housing services. The University Life (formerly Student Life) Office develops policies and manages a wide range of extracurricular events and programming. This includes the administration of all student run clubs and organizations, the greek system, and student media groups such as WEXP and the Collegian, and the Multicultural and International Center. The Career and Employment Center provides career related counseling and organizes career fairs and workshops. The Counseling and Health Center provides psychological counseling and basic health care to students. University Ministry and Service provides service opportunities in the surrounding community.

Arrangement Note

The records of the Student Affairs Division came to university archives in multiple accessions from the late 1990s to early 2000s. Upon accession, records pertaining to the individual office within Student Affairs were separated and some of the original order was lost. Rather than attempt to try to reimpose original order of the records, an attempt has been made to reunite the records pertaining to each office within the division with each other. The series structure reflects the structure of the Division of Student Affairs.

The collection is divided into five series. Administrative Services, University Life, Career and Employment Services, Community Development, Counseling and Health Services, and University Ministry and Service. The Administrative Services series has one subseries, Reports. The University Life series is further divided into three subseries: Subject files, Publications, and the Multicultural and International center. The Subject Files subseries consist of the files of Kathy Schrader, director of the Office of Student Life (now University Life). These were her alphabetical subject files and have been left as is. The Community Development Series has one subseries, Office of Resident Life. The Counseling and Health Services series is divided into two subseries, the Student Health Center and the Student Counseling Center.

Preferred Citation

Records of the Division of Student Affairs (UA.01.034), La Salle University Archives, Connelly Library.

Scope and Content

The records of the Division of Student Affairs are in bulk made up of the working files of Kathy Schrader from her time as Director of Student Affairs. Those files comprise the University Life series and includes files on individual clubs and other student organizations, events planning materials, correspondence, and ephemera. The Publications sub-series contains newsletters, events calendars, directories of student organizations and policy documentation. The Administrative Services series consists of annual reports and self studies made by the Student Affairs division as a whole. The Multicultural Center sub-series and Career and Employment Services, Conseling and Health Services, University and Ministry series all consist of annual and other reports, events flyers, correspondence, and other ephemera related to those offices.

Scope and Content

pamphlets, flyers, annual reports

This collection consists of annual reports and other documentation of the university's Counseling Center. The collection also contains reports dating from 1960s and 1970s entitled, "Report on Entrance Credentials: Predictors of Attrition and Academic Success." These studies were conducted by the Counseling Center with the help of student workers. The study compared admissions credentials of undergraduate students

test scores, grades, etc, and tracked how they did at La Salle as undergraduates (edit).
