### KING'S DREAM LEADERSHIP PROGRAM 2006

#### Call for Student Nominations

The Division of Student Affairs and the King's Dream Committee seeks your nominations of emerging students for King's Dream 2006.

Entering its seventh year at La Salle University, the King's Dream Leadership Program is helping give students (leaders, emerging leaders, and at-large students) the necessary tools and skills to explore their awareness of diversity and social action as a way to bring about change. In addition, students will gain the leadership skills necessary to implement the new ideas generated during the day.

The one day event consists of several keynote speakers and break out sessions led by students and staff and faculty. The content of the keynotes and breakout sessions will focus on the above-mentioned issues.

King's Dream Leadership Program will take place on Monday, January 16, 2006.

#### Nominations:

Please nominate those students who have displayed an interest in leadership, social change, awareness of diversity, or other qualities associated with these themes and the themes commonly associated with Dr. Martin Luther King, Jr. This can include students you have contact with in the classroom, a student organization, or any other setting. This program is also ideal for those students who have much potential in these areas. You may nominate as many students as you like.

***Let us remember  
in prayer all who have passed from death to life.***

November is traditionally the month during which Christians prayerfully remember those who have died.

The La Salle University Community will remember those who have died throughout November in the Liturgy and prayer that takes places in the De La Salle Chapel.

You can write the name of someone that you would like remembered in prayer during November on one of the prayer cards that you will find around campus. Place the card(s) in the baskets in the De La Salle Chapel, or send it to us at Box 841, Campus Mail. All of the cards will be kept in the Chapel through November. If it is more convenient (or if the supply of cards is depleted) please call 215-951-1048 or e-mail us at (umas@lasalle.edu) and we will fill in the card(s) for you.

You can join in this prayer by stopping in the Chapel during November and remembering in prayer those whose names are written on the cards.

There will be an ALL SOULS Liturgy 2 November 2005 1:00pm in the De La Salle Chapel.

### Education Conference: What the Best Teachers Do

November 5<sup>th</sup>, 2005

La Salle University

What makes a great teacher great? Who are the teachers, students remember long after graduation? The short answer is--it's not what teachers do, it's what they understand. Lesson plans and lecture notes matter less than the special way teachers comprehend the subject, and value human learning. The best teachers know their subjects inside and out--but they also know how to engage and challenge students in order to provoke impassioned responses. Most of all, they believe two things fervently: teaching matters and students can learn.

**Sign up for a day of exploration and entertainment as we look at what the best teachers do. This exclusive one-day workshop will take place on November 5<sup>th</sup>, 2005 on the La Salle University campus.**

- 8:00-9:00 Check-in with continental breakfast
- 9:00-11:00 Key-note speaker
- 11:00-12:00 Box lunches and book signing
- 12:00-1:30 Break out sessions

#### Keynote Speaker:

**Kenneth R. Bain** (Ph.D., University of Texas at Austin, 1976) is founding Director of the Center for Teaching Excellence at New York University. His scholarship includes an interest in teaching and learning issues. Internationally recognized for his insights into teaching and learning, and for a fifteen-year study of what the best educators do, he has presented invited workshops at more than one hundred universities in recent years--in the United States, Canada, Europe, Asia, Africa, and Australia. His learning research has concentrated on a wide range of issues, including deep and sustained learning and the creation of natural critical learning environments. His recently-published book [\*What the Best College Teachers Do\*](#). (Harvard University Press, 2004) **won the 2004 Virginia and Warren Stone Prize for an outstanding book on education and society.**
