## South Pacific Held Over

Due to an unprecedented demand for tickets, the MUSIC THEATRE '64 presentation of "South Pacific" has been held over for two weeks until August 8, it was announced by managing director Dan Rodden. The extension is the first in the three-year history of the musical repertory theatre.

"Babes In Arms", originally scheduled as the third show of the current season, has been cancelled so that "South Pacific" may be extended. It had been slated to run from August 28 to September 6.

"Music in the Air", the second show of the season, will now run from August 12 thru September 6, Rodden announced. It had originally been scheduled from July 31 to August 23.

Patrons and subscribers holding tickets for "Music in the Air" through August 11, or for "Babes In Arms", may exchange them at the box office.

V.P., STUDENT AFFAIRS - cont'dHIGHER EDUCATION LOAN PLAN  
for Residents of Pennsylvania

## THE LOAN PLAN OF THE PENNSYLVANIA HIGHER EDUCATION ASSISTANCE AGENCY

The Pennsylvania Higher Education Assistance Agency was created by the Act of August 7, 1963 P. L. 549. Its purpose is to improve the higher educational opportunities of persons who are residents of Pennsylvania and who are attending approved institutions of higher learning in this State or elsewhere in the United States, by providing loans for such persons to assist them in meeting their expenses of higher education.

The Agency, through guaranty loan agreements with commercial banks, will enable the banks of Pennsylvania to make long term, personal loans to qualifying students to help pay their college expenses. A student may apply for these funds at one of the participating banks. The cooperation of the participating banks makes possible lower interest charges and longer repayment periods than are available for ordinary personal loans.

## ELIGIBILITY FOR LOAN CONSIDERATION

To be eligible to apply for a loan, a student must be a legal resident of Pennsylvania and must have satisfactorily completed a minimum of one academic year of study in an approved institution of higher education in the United States. Students are not eligible for the loan plan during their first year of college study. In order to be eligible to receive a loan, the student must be enrolled in an approved institution as a full time undergraduate student; or as a full time or part time graduate student. Part time graduate students must be enrolled for a minimum of six credits (or equivalent) in order to be eligible for consideration and they are limited to a maximum loan of \$500 per academic year as part time students. The maximum loan for full time students is \$1000 per academic year, with no student being permitted to borrow a total of more than \$5000. The amount of each loan will be determined by the financial need of the applicant.

## APPROVED INSTITUTIONS OF HIGHER EDUCATION

Approved institutions of higher education include the colleges, universities, and junior colleges of Pennsylvania approved by the State Department of Public Instruction, excluding theological seminaries and schools of theology. Institutions of higher education (other than theological seminaries and schools of theology) located elsewhere in the United States, will generally be approved if they have the approval of their respective States.

## PROCEDURE FOR APPLICATION

Any eligible student who wishes to apply for an Agency guaranteed loan may do so by making application at a participating bank in Pennsylvania. The Higher Education Assistance Agency does not make loans. It guarantees the loans made by the banks from their own funds.

1. The student obtains the application form from a participating bank in his home community or by writing to the Pennsylvania Higher Education Assistance Agency.

2. The student completes a portion of the application forms, answering all questions, dating the form, and signing it.

3. The student presents the form to his Parents, Guardian, or Spouse (if married) to complete a section on family financial conditions.

4. The student attaches a transcript of his last year's grades and presents the application form to the Registrar or Financial Aid Officer of the institution in which he is enrolled for further certification.

5. The College Officer, in an envelope provided by the Agency with postage provided by the student, will mail both copies of the application form to PHEAA.

6. PHEAA will approve or disapprove the application for a loan guarantee. If approved, the bank (where the application was initiated) will be notified of the willingness of PHEAA to guarantee a loan in a given amount. If disapproved, the student will be notified and given the reason for disapproval.

7. The bank by return mail, will notify PHEAA of its decision to make the loan.

8. PHEAA will send an official "Letter of Transmittal" to the bank, with copies to the higher education institution and to the student, informing him of his loan and directing him to go to the bank to sign the promissory note in order that he may receive the loan.

The amount borrowed may be paid to the institution, where the student is enrolled, or directly to the student; but in every case, the loan must be used for educational expenses. The student borrower, regardless of age, will be solely responsible for receiving ~~and~~ repaying any loan under the PHEAA program.

## INTEREST AND REPAYMENT

The student will be required to pay 5% simple interest on his loan, on a quarterly basis, each year he is enrolled as an eligible borrower. No principal payment will become due until six months following the date the student completes his course of study as an eligible borrower, or six months following the date of withdrawal from the institution of higher education, in the event the student withdraws prior to completing the course of study.

Payments may be extended over a five year period, beginning no later than six months after the student ceases to be enrolled, at the 5% simple interest rate. The due date of the note may be extended in the case of military or Peace Corps service, with interest continuing to be due and payable quarterly each year the loan principal is outstanding.
