General News

The MyLaSalle Portal and Intranet Redesign

The Portal Steering Committee has been tasked with examining the Portal's layout and organization, look and feel, and the management of content. To that end, we've been meeting twice monthly and have divided into three working teams to plan the changes that you'll see implemented over the coming weeks and months.

As a guide to our work, we've established vision and mission statements.

Our Mission, established by the Provost, is the following:

The Portal Steering Committee's mission will be to serve as a working group that implements and regularly reviews default layout, look and feel and general organization of links for each role-based view and sets policy and guidelines for access, changes, additions and deletions for content and resources included in and accessed by the portal.

Our Vision:

The La Salle portal will serve as a current, attractive and organized single point of entry to the LaSalle Intranet, the primary means of communication about and access to University systems, news, information and resources.

Management of and responsibility for Portal content will be distributed among the owners of the content with the guidelines for organization, design and management established by the membership of the Portal Steering Committee.

Where content is not held directly in the Portal application, the Portal will effectively direct users, based on authentication and role-based authorization, to a secure Intranet, secure applications and, when appropriate, public web-based resources.

A Few Notes for Portal Content Providers and Users:

- We ask that new content be held back for submission until our group has finished checking the existing content for accuracy and removing outdated information. We expect to be able to take new content in August.
- As you plan new content, be sure to consider who will be assigned to post, manage and update the content.
- Although the team is responsible for collaboratively establishing guidelines that work, content must be managed by each department or group.

If you have questions regarding our process or progress, please contact Steve Fabiani, chair of the Portal Steering Committee and Executive Director, Technology Learning Resources on 215.991.3615 or via email at fabiani@lasalle.edu.

Campus News Procedures

Procedures for Submitting Items for Inclusion in the Campus News

All information must be submitted electronically as text by selecting a web form located in the **Campus News channel** in the mylasalle portal (located in the **Staff Services Tab**).

- Accompanying graphics may be submitted separately in the following manner:
 - via e-mail to the **campusnews@lasalle.edu**. The article title must be included in the subject line of the e-mail.
 - via 1/4 floppy disk or CD
 - will be limited to one per article, unless a specific need for additional graphics is articulated. (EX: If La Salle and another organization partner for an event, the logos of both La Salle and the partnering organization would certainly be permissible.)
- **PLEASE NOTE THE FOLLOWING:** Graphics submitted may be resized to fit the document layout. Logos, signatures, and other graphics that are likely to be used frequently can be kept on file for future use. Please add a comment to this effect when you submit your graphic.

If you have any questions or need assistance...

We realize that the community is being asked to work a bit differently in terms of submitting articles to be included in the Campus News.

By supplying standard web forms for your use, we are attempting to create efficient processes that will make it easier for you to submit articles. For example, employment postings will be automatically routed to the appropriate individuals in Human Resources for review prior to being sent to the Campus News.

If you need assistance with submissions, please contact **James Jordan** at 215-991-3668 or jordan01@lasalle.edu

Sam Pino at pino@lasalle.edu (X1039)
