LA SALLE UNIVERSITY
Office of the President

July 1, 2009

Dear Colleagues:

I am very pleased to announce the appointment of Dr. James E. Moore to the position of Vice President for Student Affairs/Dean of Students. Jim will officially join the La Salle senior administrative team on July 31.

Jim comes to us from Marian University in Fond du Lac, Wisconsin, where he served as Vice-President for Student Affairs and Campus Planning since 2007. In this position, he was the executive officer for all areas of student life, including residence life, student activities, counseling, career and graduate school services, student health, intercollegiate athletics, intramurals, coffee shop, and campus safety. Among his accomplishments, Jim led a university-initiated, county-wide diversity project and negotiated an energy partnership with a local utility to fund more than \$1.25 million in energy conservation, safety, and deferred maintenance projects.

Prior positions included Vice President for Student Development and Dean of Students at Benedictine College in Kansas from 2003 to 2007, Assistant Vice President for Student Services at Creighton University from 1997 to 2003, Dean of Students at Marquette University from 1984 to 1997, and multiple student affairs roles at Iowa State University. For 18 years, Jim has represented the Higher Learning Commission, the Midwest regional accreditation organization, serving as a team chair and team member.

Jim earned his B.A. degree in history from the University of California, Santa Barbara, his M.A. in student personnel work in higher education from The Ohio State University, and his Ph.D. in higher education administration from Iowa State University.

Jim's community involvement has included Habitat for Humanity, Boys and Girls Club, youth baseball leagues, and various parish activities. Both of Jim's grown children graduated from Creighton University and his wife, Jan, is also a college educator.

The selection of Jim Moore is the culmination of a national search that generated considerable interest and highly qualified candidates. I am grateful to the Search Committee, chaired by Br. Bob Kinzler, and to the executive search firm Lauer, Sbarbaro Associates/EMA Partners International for their valuable service.

I am excited to have Jim join the La Salle University community, not only because he brings a wealth of student affairs experience to the position, but also because his broad familiarity with Catholic higher education is an excellent fit with our strategic initiative to deepen the integration of our Lasallian mission into student life.

Please join me in welcoming Jim and his family to La Salle University.

Sincerely,

Michael J. McGinniss, F.S.C., Ph.D.
President

La Salle University Continues a “Philadelphia Tradition”

The University's Auxiliary Services Department will now operate Explorers Den Steak Shop, the University's first self-owned neighborhood business.

La Salle University announced that it will operate the Explorers Den, located at 2160 Olney Avenue. The new steak shop will continue to offer the local community the same quality sandwiches that have made the Explorers Den a city-wide tradition since 1956.

The new enterprise, which will be managed as a part of the recently-formed Auxiliary Services Department under the University's Business Affairs area, becomes the University's first self-owned neighborhood business. La Salle University purchased several properties (including Explorers Den and Kirk's Pizza Shop) in 2007 in a continuing effort to develop the University's West Campus.

“The University chose to operate this new venture and keep the same name in order to maintain a local tradition and to insure that the community continues to thrive and grow along the Olney business corridor. It is in the best interest of both the University and the local community that the neighborhood remains vibrant,” stated Stephen C. Greb, Director of Auxiliary Services.

Explorers Den has been serving the community since 1956, when it first opened its doors. Through the years, the restaurant has operated with several different owners and, for the last year, under the name of Andy's Steaks.

Explorers Den will be open 7 days a week from 11:00 a.m. until 11:00 p.m. and will feature traditional Philly-style premium steak sandwiches and hoagies destined to become a city favorite again. Other featured items include certified-Angus burgers, grilled chicken sandwiches and other hot sandwiches and garden-fresh salads and wraps. Explorers Den will also feature the University's Gold Card, along with other standard credit cards, as means of payment. This addition will allow for students to use their Gold Card at an off-campus restaurant and gives them another dining option.

As a part of La Salle's mission to encourage progressive leadership within the community by its students, faculty, and staff, and in an effort to reinforce economic and cultural ties within the community, the University has chosen to establish Explorers Den as the University's first self-owned neighborhood business. “One of La Salle's primary strategic goals is to continue to provide neighborhood residents with resources to improve the quality of their lives and contributing to economic growth in the area lends itself toward this purpose”, stated Mr. Greb.

With the purchase and operation of Explorers Den, La Salle University will continue its mission into the future to work with the community toward the betterment of all.
