**RE:** Fall Courses

Continuing Professional Education would like to invite the members of La Salle's faculty and administration to submit proposals for professional seminars to be included in the Fall 1992 Option.

If you are interested in conducting a seminar, the following information is needed:

- Title of seminar
- Brief course description
- Proposed dates and times
- Total number of hours
- Special facilities, equipment, or material requirements

To be considered for the fall semester, all information must be received by Monday, May 4. In addition, proposals for unique programs for children, teenagers, or senior citizens are welcomed and will be considered for future semesters.

If you have any additional questions or would like more information, please contact me at extension 1946 or Elaine Mattern at extension 1074, or through campus mail, box 815.

Thank you.

**FACULTY SENATE**  
**LA SALLE UNIVERSITY**  
**1991-1992**

To: Members of the Faculty Senate

From: David J. Cichowicz, Secretary

Re: Minutes of the Eighth Meeting of the 1991-92 Faculty Senate --  
17 March 1992.

Present: Brogan, Cichowicz, Colhocker, DiDio, Diehl, Dondero, Donnelly, Feden,  
Franz, Halpin, Merians, Miller, Otten, Reardon, Seydow, Wall, Wiley.

Absent: Angerosa (excused), MacLeod, Millard (excused), Wolf (excused).

The President convened the meeting at 2:35 P.M.

The first order of business was an address from Gary Clabaugh, John Rooney and Leo Van Everbroeck on behalf of the Directors of graduate programs concerning the recent Senate decision to increase the graduate increment by 1/2 MOTS rather than by MOTS. (See Faculty Senate Minutes of 10 December 1991.)

John Rooney shared a brief history of the graduate increment. Several years ago the Dean of Arts and Sciences recommended that the Graduate increment be raised to the same level as the MBA scale. This was done, but subsequently the MBA program moved to 9 hour teaching loads and the MBA increment became part of the base salary. In a letter from David Fleming outlining procedures for determining faculty salaries for the 90-91 academic year, it is stated that the graduate increment should be increased by MOTS in the same fashion as faculty salaries. Dr. Rooney further went on to state that he felt it takes 1 1/2 to 2 times as much work to teach a graduate course as an undergraduate course. In addition to the classroom teaching, additional work, in terms of student advising, writing comprehensive exams and sitting on oral committees, is necessary.

Gary Clabaugh voiced similar sentiments and expressed two major concerns. First, the money saved by not increasing the graduate increment to the full extent, was never readdressed toward those who were perceived to be receiving inequitable treatment. Second, the decision not to raise the graduate increment by the full amount was reached in an uncollegial and unwise manner. Those most affected by the decision, were never consulted for their opinion.

Leo Van Everbroeck echoed the comments made by Drs. Rooney and Clabaugh.

The floor was then opened for further discussion. The Directors felt that some faculty were unwilling to teach graduate courses because of financial considerations and because the real concerns of graduate programs are not being addressed. Some faculty teach summer sessions at regular pay because they know that they will get the graduate increment during the year.

One Senator felt that just the opposite situation existed in the Graduate Nursing program. Faculty would much rather teach graduate students because they are generally more interested students.

Another Senator questioned whether the current decision jeopardizes the any of the Graduate Directors' programs. Their response was that as the difference between undergraduate and graduate overload pay is reduced, recruitment of faculty to teach graduate courses will become more difficult. Also, the Middle State Review was concerned that not enough support was given to graduate programs, this will further hurt the situation. Finally, the decision hurts collegiality and moral.

A member of FAP stated that FAP feels they have identified an inequity in the present faculty compensation system and have asked the Faculty Senate to advise them how to handle this inequity for future compensation discussions.

The Senate President agreed that there were problems with the process by which the decision to raise the graduate increment by 1/2 MOTS was reached. He further stated that the Faculty Senate was originally designed to represent undergraduate faculty. Does it also represent graduate faculty? What is the role of Graduate Council?

This ended the discussion concerning the increase in the graduate increment for the 92-93 Academic Year. FAP and the Faculty Senate will continue to study this issue.

There were two corrections to the unofficial Minutes of the Seventh Meeting of the 1991-92 Faculty Senate from 17 February 1992. On page 2, the first paragraph of Bro. Burke's opening remarks should read as follows:

He would like to have the Senate's endorsement of his non-tenure position proposal before he takes the issue to University Council. One of the reasons the previous version, presented by Bro. Mollenhauer, did not receive a full discussion at ~~move~~ ~~past~~ University Council was due to the lack of such an endorsement.

The second correction is on page 3. The sixth Senator's statements should read as follows:

Senator: I understand that a non-tenure position person would not have the right to automatic renewal, but would there be an "expectation" of employment after 5-6 years? Would you have to show "cause" to release that person? Given the legal issues would not non-tenure track faculty be de facto tenured?

A motion was made and seconded to approve the minutes as corrected. The motion was approved 15 Yes, 0 No and 1 Abstention.

The Committee on Committees nominated six faculty members to serve on the Directory of Library Search Committee and their nominations were approved.

The president then presented a letter and a revised copy of the Non-Tenure Position Proposal from the Provost. The Provost requested that the Faculty Senate review the document and endorse it so that he could take it forward to University Council's April meeting.

Unfortunately, the Senate's scheduled April meeting is after University Council's April meeting. After discussing a number of options, the Senate decided to have a special meeting on Tuesday 31 March 1992 at 2:30 PM to discuss the revised proposal.

The meeting adjourned at 4:30 P.M.

### Alcohol Related Information For Higher Education

Alcohol & Other Drug Program X-1355

April 1992

---

#### Alcohol vs. Books

The Office of Substance Abuse Prevention reports that college students tend to spend more on the purchase of alcohol than they do on the purchase of books.

#### **Alcohol vs. Books**

**The typical college student  
spends more money for  
alcohol than for books !!!**

This translates into approximately \$5.5 bil. out-of-pocket money annually on alcohol. Now, how does this further translate into 'down-to-earth' facts that have meaning to those of us who deal with college students.

The typical college student will have consumed 34 gal. of alcoholic beverage during this academic year. For this country's 12 mil. college students, this equals 430 mil. gallons! Beer is the beverage of choice with the equivalent of 4 billion cans consumed.

#### AOD Program Consults Up

This semester has found a marked increase in the number of students who have taken advantage of the AOD Resource Center. Located in the AOD Program, Counseling Center, the Resource Center has consulted with students regarding individual papers, group projects, and research interests related to their academic courses.

Assistance with research design, preparation of audio visual materials- including computer software- for use in the classroom, and development of small group activities for the class have been among the services provided this semester.

While some students found themselves stopping in hopes of receiving assistance, most students were referred by their professors. For these referrals, the AOD Program thanks the faculty.

#### Alcohol and Summer

Each summer, numerous alcohol related accidents occur. 70% of all drownings involve a victim who had been drinking- many never intending to be in the water.

Likewise, a majority of boating mishaps involve alcohol, adding to the fact that alcohol & gasoline don't mix. Think before you drink!

## FOR YOUR HEALTH

HAVING FUN ON THE JOB IS ESSENTIAL FOR THE  
HEALTH OF YOUR EMPLOYEES AND SUCCESS OF YOUR  
ORGANIZATION

Growing pressures and stresses continue to be felt within all organizations. People are having to "work smarter" with existing and sometimes dwindling resources. Leaders and managers are looking for effective ways to empower employees, maintain a healthy work environment, and insure the organization's continued success. With this in mind, it is important to remember the importance of using laughter, humor, and play as highly practical and enjoyable tools for creating optimal organizational health, stimulating learning, and enhancing creativity. It is important to remember a little bit of fun helps with improving communication, managing change, resolving conflict, and solving problems. Empowering people, maintaining effectiveness and supporting the overall goals and mission of your organization with light hearted fun will only enhance employee morale.

In today's busy world there has got to be something said for the old adage that "laughter is the best medicine."

## ANNOUNCEMENT

### The La Salle University Writing Project Summer Workshop

#### *The Assignments We Use: How to Make Them Work*

**Dates: May 11 - 15 (9:30-1:00)  
WED. SESSION 5/13 (12:30-4:00)**

Students write most successfully when they have a clear understanding of the purpose of the writing assignment and the tasks the assignment requires. This summer the workshop will focus on commonly assigned papers and introduce faculty to ideas for new writing assignments. Guides for explaining and evaluating assignments that can be adapted to all disciplines will be used as the basis for the seminar.

Faculty in the School of Arts and Sciences, The School of Business Administration, and the Department of Nursing are invited to participate in the Eleventh Annual Writing Across the Curriculum Workshop. The workshop will be of interest to faculty who have not attended earlier workshops and former participants who would like to develop new procedures for assigning and evaluating writing.

Enrollment is limited to 10 faculty. Participants will receive a stipend (\$400.00).

The workshop will emphasize but not be limited to:

- The Critique or Book Review
- The Analysis Paper
- The Report and Research Paper\*
- The Persuasive Paper or Argument
- "What We Teach in Freshman Composition"
- How the Writing Center Can Help

*\*This session will involve the library staff.*

Please return by **May 1** to  
Margot Soven/English Dept. (x1148 / 1145)

Name \_\_\_\_\_ Department \_\_\_\_\_

Phone Ext \_\_\_\_\_

- I am interested in attending the Workshop.
- I am interested but have a schedule problem (Please explain. If possible, we will try to adjust the schedule to the participants' needs.)
