BOOZE NEWS

Alcohol Related Information For Higher Education

Alcohol & Other Drug Program X-1355

June 1992

DRINKING TO GET DRUNK

The USA Today reports (June 2nd) that college students recount using alcohol about as frequently as they did in 1977. However, today's college students are 3 times as likely as their 1977 counterpart to do so in order to get drunk.

With such a dramatic shift in factors motivating college drinking, we are likely to see an increasing number of academic, social, and personal problems at La Salle related to alcohol consumption. The good news may be that current college students report drinking and driving less frequently than did their 1977 counterparts.

THE CLASS OF 1996

A survey of 1992 PA. high school seniors reported a 1.7% decline in those reporting at least a monthly use of alcohol (47.2 % from 48.9% in 89).

Before celebrating however, 14.4% reported getting drunk at least once weekly. This seems to be consistent with the reports that suggest today's collegiate is 3X as likely to drink to get drunk as in 1977.

With an Office of Substance Abuse Prevention report issued in 1991 stating that 25% of all collegiate dropouts leave school due to alcohol related problems, we may be well advised to expand our alcohol and other drug efforts on

campus. With dwindling enrollments, it is all the more important to assist our students in a successful La Salle career.

PEERS ENTER COMPETITION

The University Peers (UP) have submitted the latest issue of their newsletter, Peering Out to You, to a national competition sponsored by the Office of Substance Abuse Prevention. Cash awards will be made to programs placing in the top 3 spots.

If successful, prize money will be added to funds raised by the University Peers for use in their educational projects.

UPs have received copies of a special publication on alcohol & sex to be used in programming this fall. There are separate versions for male & female students. For a sample copy of either/each, contact the AOD Program.

CAMPUS GROUPS JOIN FORCES

UPs and Club Earth have joined forces to advocate for PA. legislation re deposits on glass/metal drink containers. The students argue such legislation will both reduce trash while creating a non tax based fund composed of uncollected deposits to be used for campus alcohol & drug programming. For additional info. or to become involved in this effort, call 1355.

RE: Transportation for ESL student

We are in need of a morning ride for an English as a Second Language student who is from Puerto Rico, but will be living at my home in the Bustleton area. The program runs from July 6 to August 7 and classes begin at 8:30 each day. Please contact me (extension 1946) or Elaine Mattern (extension 1074), if you can help us out during this time. Thank you.
