LA SALLE UNIVERSITY'S WEEKLY INFORMATION CIRCULAR

June 19, 1992

La Salle University
Philadelphia, Pennsylvania 19141

Colleagues/Friends

Please accept my sincere appreciation for the association and friendship accorded me during my career at La Salle University.

During the 47 years, in numerous capacities, I have had the privilege to work with many wonderful people--administrators, faculty, staff and students. To all currently working at La Salle, to those who have retired, and to those memorialized on the Olney Hall plaque, I am indebted.

As of July 1, 1992, I will join the ranks of the retirees of La Salle, but my interest in La Salle and its future will continue.

Best wishes for health, happiness and success to everyone at La Salle.

Until we meet again--so long,

John L. McCloskey
Assistant Vice President,

Development

CONTINUING PROFESSIONAL EDUCATION

RE: ESL Students

From July 6 to August 7, Continuing Professional Education will be conducting the second summer program for English as a Second Language. We are very pleased this year that there will be seventeen international students attending. Almost all these students attend Christian Brother schools in Spain.

To enhance the cultural experience of these students, we would like to arrange a weekend visit on July 24, 25, and 26 to the home of an American family. Most of the students are juniors and seniors in high school and we would like to place two students together. If you and your family (especially if you have teenagers!) would be interested in extending hospitality to these students on that weekend, please contact us as soon as possible.

In addition, there will be a female teacher from the school in Madrid studying in our program this summer, and she would like to reside in a private home instead of in the dormitory with her students. There is a stipend available for a host family.

We are still in need of a morning ride for the student from Puerto Rico who will be living at my home in the Bustleton area. Class begins each day at 8:30 and if you might be able to provide a ride for all or part of the time, it would be greatly appreciated. My child-care arrangements make it difficult for me to bring him in by 8:30 each day.

For more information or to volunteer, please contact me (extension 1946) or Elaine Mattern (extension 1074). Thank you.

Student Life Office

TO: All interested faculty and staff
FROM: Community Development Committee
RE: Upcoming programs
DATE: June 18, 1992

The Community Development Committee, a group of Student Affairs assistant directors, is seeking faculty and staff interested in planning and implementing educational programs for students on issues of community. A one day workshop on September 26th and weekend retreat October 23-25th are currently being designed.

The mission of the committee is to design programs and services which foster the creation of purposeful, open, just, disciplined, caring and celebrative communities. The value of community-based systems and structures is to affirm the worth and dignity of their members, to maintain a commitment to service and to improve the quality of life. The focus of these programs is to enhance the quality of group relationships among the members of La Salle University, with particular emphasis towards students. The committee strives to be represented by faculty, administrators and students who will be involved in the planning and delivery of these developmental programs.

Interested faculty and staff should contact Sue Ellen Henry, Assistant Director of Resident Life at ext. 1550 or Karen Shields, Assistant Director of Student Life at ext. 1371.

Financial Aid Office

To: College Work Study Supervisors
From: Christine Tiano, Financial Aid, *Christine Tiano*
Date: June 18, 1992
Re: Termination of work study student for the
1991-92 fiscal year.

Please be aware that with the end of the fiscal year all college work study students will be terminated Friday June 26th. If the student was awarded college work study for the 1992-93 academic year they may stop by the Financial Aid Office to complete the necessary papers for the 1992-93 academic year. If the student was not awarded work study for the 1992-93 academic year they may be hired as a budget "03" employee if funding permits.

Students who have not previously been awarded college work study funds cannot start working until Wednesday, July 1st. These students may stop in our office to complete the paperwork necessary to start July 1st.
