TO: The La Salle Community  
FROM: Karen Simmons, Director, NMDC, x. 1701  
RE: Fall 92 seminar ideas

We'd like to invite you to submit ideas for our fall seminars, which are targeted at directors of medium-sized social service, environmental and arts nonprofits in the Delaware Valley.

If you are interested in offering a 1/2 day seminar in the fall, please write us a brief (1 page or less) description outlining the seminar content. It would be helpful to have your outlines by June 1.

During June, NMDC's planning group will meet to review and consider seminar proposals.

If you'd like more detail, please contact Jamie Korsgaard at x. 1701. Thanks.

*Campus News* is distributed weekly to foster communication and encourage information sharing among University departments. Articles submitted are the responsibility of their authors alone and do not imply an opinion on the part of La Salle University or the Department of Mail and Duplicating Services.

Absent: Dr. Fred Foley (excused); Dr. Joseph Kane (excused); Ms. Heather Striet.

#### I. UNIVERSITY BUDGET FOR 1992-93

After discussion, Council unanimously approved recommending approval of the proposed budget to the Board of Trustees.

#### II. RENEWABLE NON-TENURE FACULTY POSITIONS

The Provost presented a proposal for renewable non-tenure full-time faculty positions.

After discussion, Council approved by a vote of ten in favor, none opposed, and two abstentions, a motion to recommend to the Board of Trustees that the University institute renewable non-tenure faculty positions as described in the proposal from the Provost.

#### III. GENERIC NURSING PROGRAM

The Department of Nursing submitted a proposal for a four-year B.S.N. degree program. A grant for start-up costs has been obtained, and there are already students expressing interest in enrolling in such a program. Starting date for the program would be Fall, 1993.

Council unanimously approved a motion endorsing continued development of the generic nursing degree program as described in the Department of Nursing proposal.

#### IV. SCHOOL OF NURSING

Council reviewed a proposal from the Department of Nursing to change the Department to a School of Nursing and unanimously approved a motion to recommend the change to the Board of Trustees.

TO: The La Salle Community  
FROM: Joseph F. Burke, F.S.C., Provost

Please join me in congratulating the following faculty members on their recent professional accomplishments.

**Brother Lawrence Colhocker**, Assistant Professor and Chair of Education, is the editor and contributor of the introduction to the recently published So Favored By Grace: Education in the Time of John Baptist de La Salle. The book is the first volume in a projected series of three New Lasallian Studies.

**Brother Edward Davis**, Associate Professor of Religion, had his essay, "'A Grace and Sweetness of French': The Vernacular in the Secondary Schools of France in the Seventeenth Century," published in So Favored By Grace: Education in the Time of John Baptist de La Salle.

**Prafulla Joglekar**, Professor of Management, has had a paper (co-authored with Dr. Kranti Toraskar of Drexel University) accepted for publication in the forthcoming book, New Perspectives on Strategic and Economic Value of Information Technology Investment. The title of the paper is "Applying CBA Methodology to Information Technology Investment Decisions."

**Nancy L. Jones**, Assistant Professor of Chemistry and Biochemistry, has co-authored a paper, "Structural Determination of Chlorobis (triisopropylphosphine)rhodium Compounds in +2 and +3 Oxidation States," which was published in Inorganic Chemistry, Vol. 31, No. 6, 1992. The paper developed from work done in the summer of 1990, at the Central Research and Development Department of the E. I. du Pont Company in Wilmington, Delaware.

**Geffrey Kelly**, Professor of Religion, lectured on "Dietrich Bonhoeffer's Struggle Against Hitler and Nazism" at Redeemer Place Adult Religious Learning Center on April 21. His article, "Bonhoeffer on Hitler, Bishops, and the Challenge of Peace," has been accepted for publication in The Other Side. Finally, Dr. Kelly has been elected to four-year term as President of the English Language Section of the International Bonhoeffer Society.

**Joseph Ugras**, Assistant Professor of Accounting, has had his paper, "Factors Affecting Allocation of Noncontrollable Costs for Performance Evaluation Use," accepted for presentation at the

Second European Management Control Symposium. The Symposium will be held in Paris from July 9 to July 11.

**Joseph Volpe**, Assistant Professor of Philosophy, has received a National Endowment for the Humanities Summer Seminar Grant. Dr. Volpe will participate in the Seminar on "Knowledge, Realism and Reflection" at Northwestern University under the direction of Professor Michael Williams.

**FYI:  
Alcohol and Summertime**

As we prepare for the summer of '92, little thought is given to the consumption of alcohol beyond the delight of a crisp, cold beer in a frosty mug on a humid summer's day. Or the consideration of which summertime mixed drink is most appropriate for the weather and occasion- Tom Collins? Cape Codder? Frozen Daiquiri? But summer is an important time to think about alcohol and its effects before consuming, especially if thirst motivates the decision to consume alcoholic beverages.

I don't know about you, but when I'm thirsty, I tend to drink whatever is in my hand more quickly, as if to say, "I've got such a thirst that I need beaucoup beverage to satisfy this thirst!" Unfortunately, if that beverage is an alcoholic beer, it- and at least one other- is gone in next to nothing. Unfortunately, just because it's hot and I'm thirsty, doesn't mean that the alcohol is going to impact my system any differently- just as fast with a predictable effect on my blood alcohol level (BAL).

To this end, if thirsty, consume a non-alcoholic beverage first, if not instead. This will reduce the likelihood of consuming at a rate that increases the likelihood of intoxication- not to mention that alcohol actually dehydrates and dries the mucous membranes it contacts!

It is also worth mentioning that the likelihood of many accidents associated with summer can be exacerbated by alcohol. For instance, did you know that approximately 70% of all drownings involve a person who had been drinking? Most of them never intended TO BE IN THE WATER! That means something happened and they fell in, perhaps being injured on the way, and drowned.

Likewise, with summer the time when we are historically on the move and using motorized recreational equipment- jet skis, motor boats, A.T.V.s, etc- alcohol adds a frequently dangerous dimension to ones recreational outing. With driving while intoxicated an even greater problem on the water than it is on the road, we see mishaps occurring with greater regularity where alcohol and gasoline are mixed.

When adding these possibilities to the already lengthy list of possible hassles that can be encountered when drinking indiscriminately, we begin to see that summer can create a uniquely important need to 'think before you drink'.
