NEW PROFESSIONAL LIBRARIAN APPOINTED TO CONNELLY LIBRARY STAFF

Connelly Library takes pride in announcing the recent addition of Ms. Georgina M. Murphy to its staff of professional Librarians. Ms. Murphy is the Collection Development Librarian and Head of Acquisitions (the post held originally by John Baky.) Among her many duties, Ms. Murphy will be serving as the official collection development liaison to each academic department in the University. In that capacity, she will meet regularly with academic department Chairs and those faculty members having library liaison assignments to co-ordinate collection development decisions.

Holding a Bachelor's degree (Summa cum Laude) in Anthropology from SUNY Buffalo, she was elected to Phi Beta Kappa while there; she was also awarded the Master of Library Science degree from that institution.

Ms. Murphy comes to La Salle from Canisius College where, since 1986, she has held the twin posts of Acquisition Librarian and Collection Development Coordinator.

We encourage the University community to welcome Georgina Murphy to La Salle. Her office is on the first level of Connelly Library, and she can be reached at x1290.

Campus News is distributed weekly to foster communication and encourage information sharing among University departments. Articles submitted are the responsibility of their authors alone and do not imply an opinion on the part of La Salle University or the Department of Mail and Duplicating Services.

Chapter 2

Multimedia

The Communication Methodology of
the Future

All of us have lived through the end of chapter one, and are now experiencing the infancy of the new world of communication. Like our grandparents witnessing the horseless carriage, we may wonder where multimedia technology will take us in fifty more years. As educators, we need to prepare ourselves by learning how to drive this new tool so it will take us where we want to go. We must also prepare our students for their world.

*The rest of this chapter will
be written, in part, by the
faculty of LaSalle University.*

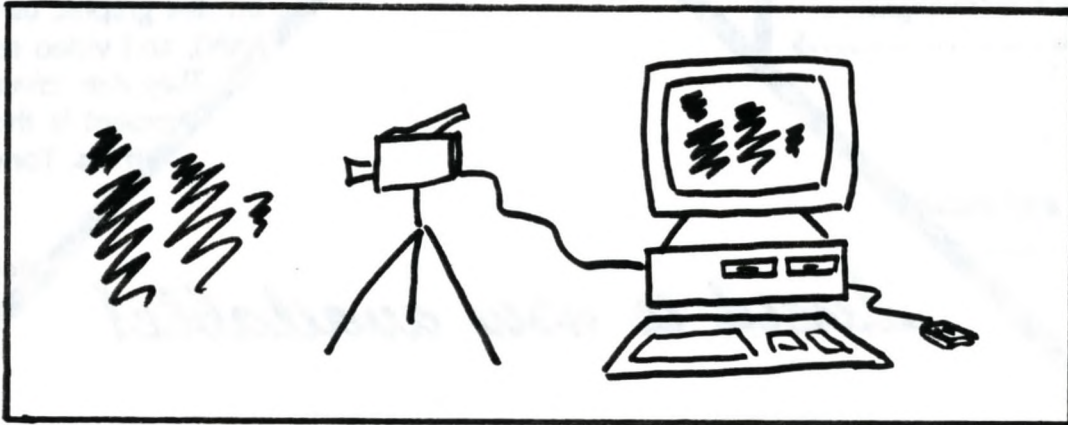

INTRODUCING MULTIMEDIA TECHNOLOGY TO LASALLE UNIVERSITY

Monday, 29 March 93, Holroyd 141

All are welcome to take advantage of this opportunity to learn about multimedia -- the communication technology of the future.

2:30 - 3:00 American Technology Resources (ATR)

ATR will provide a demonstration of how to integrate television sources including videodisc, and off-air broadcasts with digital video sources, such as CD-ROM, into the PC. Come and see how to digitize live video on-the-fly, and store the result on harddisk for full screen, full motion playback at 30 frames per second.

3:00 - 3:15 Dr. Charles Hofmann

Hypermedia across the curriculum at the Institute for Academic Technology,
University of North Carolina, Chapel Hill

3:15 - 3:30 Mr. Michael Sweeder

Optical disk technology and the Discovery channel

3:30 - 4:00 Dr. Raymond Kirsch

Multimedia design and development using the PC

Please call Raymond Kirsch at 951-1206 if you have any questions.
