Academic Discovery Program

May 18, 1993

To: La Salle Community

I am pleased to announce that the President has approved the promotion of Len Daniels from **Counselor** to **Assistant Director/Counselor** of the Academic Discovery Program.

This change recognizes Len's fine work as Counselor for the ADP and his expertise in assisting the ADP Director in collecting/storing data for the various reports required by the Commonwealth of Pennsylvania. Largely through Len's efforts, ADP students enjoyed a very productive year, and we were quite successful in demonstrating to the Commonwealth that we are an efficiently run program that is meeting the needs of our students. (A recent external evaluation rated the ADP as exemplary.)

Prior to his counseling work at La Salle, Len has held various positions including Employment Development Counselor and Coordinator of Management Information Systems at the Community Occupational Readiness and Placement Program. Len is a graduate of the University of Pennsylvania (BA) and Temple University (MEd. in Counseling Psychology).

Len is an asset to La Salle and the ADP. Please join me in wishing him well as we recognize the contributions he has made to the University.

Sincerely,

Robert Miedel
Director, ADP

ANNOUNCEMENT

To: The La Salle University Community

I am pleased to announce that the President has approved the promotions of Ms. Susan Rohanna to Director of Human Resources and Ms. Mary Ann Maugle to Associate Director of Human Resources effective July 1, 1993. Susan will be administratively responsible for personnel, payroll, salary and wages, and benefits. Mary Ann will assume additional administrative responsibilities as we reduce the department's administrative staff size to 2 individuals.

Susan has been the Assistant Director of Personnel for over 6 1/2 years. She obtained her B.S. in Business Administration from Old Dominion University and is working towards her M.B.A. at La Salle. Prior to coming to La Salle, Susan was employed for 5 years with Marriott Hotels in both the accounting and human resources areas. Susan is an active member of the College and University Personnel Association (CUPA) and has performed volunteer services to the Philadelphia School District on job interviewing skills for high school students. She enjoys traveling with her family and reading.

Mary Ann received her B.S. in Business Management from Philadelphia College of Textiles and Sciences and is currently attending the CEBS (Certified Employees Benefits Specialist) Program at the Wharton School of Business. Prior to coming to La Salle in 1991, Mary Ann was employed as a Human Resource Generalist at the Laventhol and Horwath accounting firm. Mary Ann is an active member of CUPA also. She enjoys playing tennis with her spouse, sewing, and walking.

I hope you will join me in wishing Susan and Mary Ann the best in assuming their new roles.

Sincerely,

Rose Lee Pauline
Director of Personnel

Discussion:

1. The minutes of the March 29, 1993 meeting were reviewed. The motion to accept was made, seconded, and approved by the Committee members present (5-0).
2. The Athletics Committee Charge Revision has been reviewed by the Faculty Senate and SGA and submitted for publication.
3. The Chair took this occasion to express appreciation to several members for their contributions in serving on the Athletics Committee. The terms of Dr. Peter Filicetti, Dr. Joseph Mooney and Dr. Mark Ratkus are concluding, with Dr. Ratkus having also served as Chair for the '92/'93 scholastic year. Dr. Richard DiDio is also understood to be resigning because of the extent of other duties. In addition, the term of Mr. John Fallon who represents the Alumni, is concluding. The Chair also expressed appreciation to Mr. John French for serving as secretary.
4. Mr. Mullen reported on the following subjects:

A recent President's conference reviewed the current conference relationship. The MCC Presidents will be meeting in Phila. on May 24. There are ongoing efforts to resolve MCC conference matters involving the departure of Duquesne and Dayton.

The architect's report on Hayman Hall is expected shortly.

Dr. O'Connor reported that Jennifer Cole, senior Captain of the women's basketball team, has been awarded a post graduate academic scholarship. Jennifer is also being strongly considered for other academic awards.

5. Mr. Ricci, Vice President of Enrollment Services, was welcomed by the Chair and asked what the Athletics Committee can do to enhance the relationship and coordination between Athletics and Admissions/Enrollment. Mr. Ricci stated that an attractive athletics program is viewed as a plus to enrollment, and enhances the overall program available at La Salle. He also commented on the need for a larger campus facility to schedule basketball games and other functions (larger than the Union Ballroom) which he felt would enhance student life.

Mr. Ricci commented on the importance of converting inquiries to applications, having prospective students visit the campus, and getting recruiting efforts from other supportive organizations (ex. alumni, etc.)

He also stated there are good communications between the Athletics and Admissions groups at this time.

He does not advocate having athletic or activity fees to offset facility investment. Both he and Mr. Mullen support the view that admission/rental/concession incomes are more appropriate for this purpose.

Mr. Ricci outlined the present international recruiting program. The first effort (this year) was in the far east, and emphasized contact with students with both academic achievement and financial resources. These students have demonstrated almost exclusive interests in business and science curriculums. The Christian Brothers teaching reputation has a high value among these peoples. A full program including athletics is presented. The potential for recruiting other foreign students is being reviewed, and the effort may be extended to the Caribbean basin where the Christian Brothers reputation is also highly regarded. The committee members expressed their thanks for his visit and comments.

6. Dr. O'Connor recently conducted a termination interview with Derek Brown and made arrangements to have him meet with the Committee.

The Chair introduced Derek Brown and asked him to comment on his experience at La Salle. Derek outlined his background as being from a private school in the inner city of Wash., D.C. He is finishing as a five year student with dual majors in English and Finance and a minor in Risk Management, and is a Resident Assistant (RA). Derek was a walk-on in basketball in his first year, but has been a member of the track team since

then. He already has a job opportunity when he completes school.

Derek related how he initially met other athletes in the dorms and found them to be a good group. The athletes were more dispersed in the second and later years, and they found themselves making the additional efforts to get together when their sport was not active.

He found himself treated well as a student. He also thought students may see athletes as providing a service, and that students do not appear to make an effort to relate to them.

Derek commented on his being a minority student at La Salle. He recognized there were few minority students. They also break up into groups, and consequently, relating to others can be difficult. To recruit and retain minority students, Derek felt it would be advisable to emphasize academics; develop multicultural interests and programs; consider fraternities; develop faculty/staff sponsors and involvement.

Derek indicated some athletes may have departed because they were not satisfied with their own level of athletic involvement. He has had a good experience as a track athlete, taking satisfaction in his own individual efforts. He has had limited contact with the team and coach this year because of injuries.

Derek felt his best experience at La Salle has been in academics, and then athletics. He did his own thing, and managed within his own interests in a "sub-par" social environment. He recognized that a majority of both resident and commuter students from southeast Penna. and New Jersey can and do go to other local attractions. Only a few campus activities have been of interest for both commuters and residents. Events have been publicized, but he was not sure they are of interest to the students.

7. **The next regular meeting is scheduled for Wednesday, May 12, 1993 - 3:00 PM. Please note the early start time. This Committee meeting is being held to resolve current year matters before the summer break.**
