Resident Life Office

To: Faculty Member or Administrator

From: Ann T. Isely, Assistant Director of Resident Life

Date: October 16, 1992

Re: Programs

Over the past couple of years the Resident Life Office has asked your assistance in providing out-of-the classroom experiences for our students living in the residence halls. This year is no different, with the amount of students opting to live on campus, there is a need to bring their academic "lives" and "residential" lives closer together.

The Resident Life Staff tries to meet developmental needs of students within a holistic framework through various types of programs. Your willingness to share your skills and knowledge will help our students develop well-balanced lifestyles.

Please take the time to complete the survey, and return it to the Resident Life Office, Box 819, by October 23, 1992. The information gained through this survey will be made available to the Resident Life staff and we will be encouraging them to contact you to do programs for their students.

Thank you in advance for your assistance in promoting the total development of LaSalle students, and in aiding the undergraduate Resident Assistants and graduate student Resident Directors in their efforts to do the same.

I am willing to present information, lead a discussion, or teach skills pertaining to the following areas:
