VICE PRESIDENT FOR ENROLLMENT SERVICES
PHILADELPHIA, PA 19141 • (215) 951-1079

October 14, 2002

To: The La Salle Community

From: Ray Ricci, Vice President, Enrollment Services 

Re: Opening Fall Enrollment

The Registrar has published the results of the official fall census, and his report shows that the University's enrollment has grown in all of its major subgroups: undergraduate and graduate, full-time and part-time.

Undergraduate Day Division

Day enrollment is up for the seventh consecutive year. Day enrollment has grown by 4% versus 2001 and by 28% versus 1995. The annual enrollment goal for day programs is based upon the University's forecast model which last fall projected an opening fall enrollment of 3,314 students for this year. We have enrolled 3,316 day students this fall, and of those, a larger than expected number are attending full-time.

The goal for total new students was 930 -- 810 new freshmen and 120 new transfers. We have actually enrolled a total of 956 new students, 840 new freshmen and 116 new transfer students.

The housing forecast model projected a resident population of 2,136 students. We actually have 2,144 living in La Salle-owned or La Salle-leased space. Of that number, 261 students are living in leased space at The Manor.

Undergraduate Part-Time

Based upon fall enrollment in Continuing Studies and the RN/BSN programs, I estimate these programs will exceed the goal for the year by more than 1,000 credit hours. That projection does not include credits taken on-site through a new contract with Pennsylvania Hospital developed by Zane Wolf this past summer. The number of new students in the BSN program has more than doubled compared to last year, and the number of new Continuing Studies and RN/BSN students overall has increased 32% since last fall.

Graduate

Based on actual summer and fall enrollments, I estimate that total graduate programs will be 1,400 credits above the goal for the year. The increase is the result of growth in the MBA, Psychology (both MA and Doctorate), Speech and Communication programs.

Growth in courses offered on the Gwynedd Mercy College campus helped the MBA program exceed its goal. Enrollment at that location has more than tripled since the agreement between the two schools was implemented last fall. A new full-time MBA option began on the main campus this fall and has attracted 40 students compared to a goal of 18. We expect additional new students to start this program in the spring term.

Total credits at the Bucks County Center are down 1% versus last year, the first such decline since the Center opened five years ago.

Financial Aid

At my recommendation, the President authorized an additional expenditure in the Financial Aid budget in part to help students who were affected by a cutback in the state grant program. The cutback was announced very late in the year, well after many students received earlier notices of a larger state grant. In spite of the additional expenditure, we have exceeded the implicit financial goal for Enrollment Services for the year.

All of the above achievements could not have been possible without the commitment of the Deans, the Graduate Directors, and many, many faculty and support staff throughout the La Salle University community. On behalf of all of us in Enrollment Services, I want to thank all of you for making this year so successful.

Student Press Committee

September 25, 2002

Minutes

Present: Anna Allen, Anne Marie Smith, William Hall, Tonya Ellis, Danielle Landwher, Frank Ciaburri, Karen Schuster

Absent: David Falcone

Excused: John Beatty, Megan Cahill, Chris Casimiro

The first meeting of the Student Press Committee began with a welcome and introduction of the Committee members and their respective roles on campus as well as on the Committee. Members were nominated for different standing positions on the Committee. The Committee then reviewed its mission statement and responsibilities, including a review of its overall charge of the 2002-2003 term.

- From the three faculty members appointed by the Faculty Senate and the administrative appointee, John Beatty was nominated for Committee Chair, upon his approval to hold this office. Anna Allen will ask if he will affirm this nomination, since he was not present at the meeting. Anna Allen was also nominated for Vice Chair of the Committee. It was also suggested that a student should hold the position of Secretary, and Danielle Landwher was nominated.
- Next, the Committee began reviewing its charge for the year. This Committee has been asked to evaluate the compositions and charges of the respective committees, to be submitted to the Student Affairs Committee by mid-October. The Committee decided its members should begin this process by first reviewing the summarized version of its charge, which was handed out at the meeting. The Committee also agreed to review the section of the Student Handbook and Student Guide to Rights and Responsibilities, which begins on page 73. Anna Allen recommended that the Committee tackle two short term and two long term goals related to the initiative of the Division of Student Affairs.

Responsibilities discussed include:

- The Committee is responsible for conducting post-publication/broadcast reviews of Collegian issues and WEXP programming. It was proposed to examine the post-publication review process and put structure to these types of reviews before they are necessary.
- William Hall raised for review the responsibility which states that the Committee may review financial and legal matters involving the Collegian and WEXP. It was noted

that Megan Cahill collected information over the summer pertaining to this topic, specifically focusing on the internet and downloading music.

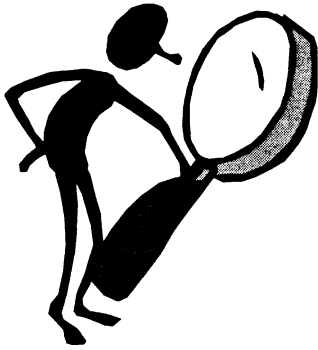

- The responsibility stating that the Committee will function as a sounding board to resolve disputes among faculty, administrators, students, moderators, editors, and station managers was also submitted for review, particularly how the Committee announces this responsibility. The Committee identified that it is an aide to organizations as needed.

Other issues included:

- In an email from John Beatty, the placement of the Collegian was discussed. Typically, there are only boxes for newspapers in the lobby of the Student Union. It was also mentioned that Jack Humma from Administrative Services would be willing to work with the Committee in order to create a process where work study students would distribute the Collegian to different locations on campus. Anne Marie Smith requested that they include College Hall as a location
- Another suggestion was to consider the addition of the Managing Editor of the Collegian to the Student Press Committee.
- Anne Marie Smith inquired if the Collegian and WEXP have an outline of the roles and responsibilities of the positions within each respective student organization. Representatives from these organizations were unsure if this documentation existed.

Further communication concerning the review of the Committee's charge will occur through a Lotus Notes database, which will be created by Megan Cahill. This database will be used as a mechanism for feeding information to each other, not as a means for discussion. Discussion of topics that surface from the database will occur during regularly scheduled Student Press Committee meetings.

The next Student Press Committee meeting will be held on October 9, 2002 at 1 p.m. in Union 310. Committee members are asked to bring their calendars and schedules to this meeting in order to set dates for meetings for the remainder of the year.

FALL CONTINUING EDUCATION WORKSHOP
FOR
La Salle University's Graduate
Programs in Psychology

Present

FORENSIC PSYCHOLOGY

H. Anthony Semone, Ph.D.
Clinical Psychologist, GKSW/Crystal Group Associates

Friday, November 1, 2002 - 1:15 P.M. - 4:15 P.M.
Main Campus – Holroyd , Room 141

Dr. Semone earned his Ph.D. in Clinical Psychology from Kent State University in 1968. He is one of 11 psychologists invited by Ralph M. Reitan, Ph.D., to sit for certification by Dr. Reitan in the Halstead-Reitan Neuropsychological Assessment System, evaluating over 2,000 individuals with the batteries, including numerous persons involved in civil injury cases as well as over 50 criminal defendants in cases involving single homicide, serial murder, racially motivated murder, terrorism, and mass murder. Currently, Dr. Semone practices as a clinical psychologist with GKSW/Crystal Group Associates in Wyndmoor, PA.

The primary goal of this workshop is to address the “nuts and bolts” of being an “ethical expert.” Specific issues that will be discussed include “dual role” relationships; the Dauber/Joiner/Kumbo standards; distinctions between “clinical” and “forensic” examinations; negotiating with attorneys so as to remain independent; what to do with raw data; what to do if you are subpoenaed; and how to respond to requests from attorneys who want you to testify as a “treating” clinician. Additional issues raised by workshop participants are welcome and will be discussed.

**This workshop qualifies for 3 contact hours for the ethics requirement as mandated by the Pennsylvania State Board of Psychology.*

CONTINUING EDUCATION CREDITS

La Salle University's CE Program is approved by the American Psychological Association to offer Continuing Education for psychologists. La Salle University maintains responsibility for the program.

La Salle is recognized by the National Board for Certified Counselors to offer Continuing Education for National Certified Counselors. The University adheres to NBCC Continuing Education Guidelines. Each workshop provides 3 hours of CEUs for Certified Counselors.
