From the Office of the President

A Message to the La Salle Community

As you may know, the funeral service for former President Ronald Reagan will be held in Washington, D.C. on Friday, June 11 at 11:30 a.m.

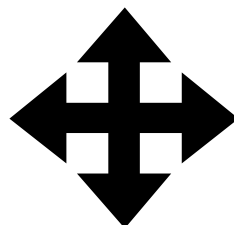

Out of respect for President Reagan's state funeral, University offices will close for the day at 11:00 a.m. on Friday, so that employees may recognize the occasion.

Some employees—designated non-exempt personnel, required for essential services of food services, physical facilities, security, and other critical activities—will maintain their regular schedules as determined by their supervisors.

Saint Gabriel's graduation ceremony and other campus events will take place as scheduled.

Sincerely,

Michael J. McGinniss, F.S.C.
President

Academic Discovery Program
 (215) 951-1084 Fax: 951-1488

To: Campus Community:
From : Bob Miedel, Director, ADP

The **Academic Discovery Program (ADP)** will begin its annual summer program on Tuesday, June 22, and as part of that day's activities, the ADP staff will be having a **cookout** for the incoming ADP students at the South Campus gazebo from 3:00 to 4:30. If your schedule allows, please stop by to welcome these new students to La Salle.

As you probably are aware, the ADP brings thirty-five to forty freshmen to campus each summer, offering them classes in Math, Writing, Critical Thinking and Study Skills. Just about all of our students qualify for Pell and PHEAA grants, and many have suffered as a result of the curriculum and physical conditions in the Philadelphia comprehensive high schools. Nine students in this incoming class are from the Archdiocesan schools.

While they will face many obstacles here at La Salle, they should be very good students. I interviewed and tested 152 applicants this past Spring, rejecting far more students than we accepted. Of the thirty-six students who have indicated they will attend La Salle, most are ranked in the top half of their high school classes, and in some cases we have the highest-ranked students. In addition to having the top student from Olney High School, we also have the 2nd, 4th, and 12th ranked student from the same high school. We have the 2nd ranked students from both West Philadelphia High School and Bok Vocational High School, and the 17th ranked student from Little Flower and the 16th from Hallahan.

As you might expect, these students were active in various clubs and organizations in their high schools and should be leaders on the campus, as many of our sophomores and upperclassmen currently are. Many of the incoming freshmen are National Honor Society members, White-Williams Scholars, and/or officers in their stu-

dent government associations. (We also have a few students with lower ranks—two from Central, for example—who are either late bloomers or who otherwise show promise and talent.)

As usual, this will be a diverse class. Although most have lived in the United States for at least a decade, several are originally from countries such as Haiti, Vietnam, Venezuela, Albania, Dominican Republic, Sudan, Ghana, and China, as well as the Commonwealth of Puerto Rico.

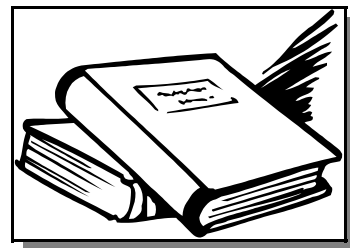

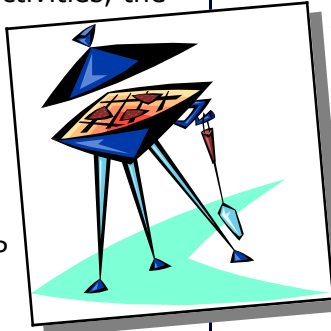

Just about all our freshmen are first-generation college students.

We are excited about bringing them to La Salle.

I would like to thank the Admission and Student Financial Services Office for its work in recruiting these students and preparing their financial aid packages.

In particular, **Bob Voss** and **Austin Hall** continue to be very supportive of the ADP and were very effective in encouraging applicants to consider the benefits of our program. Finally, I would like to thank **Leslie Rivera**, the ADP secretary, for her work in keeping our database updated and for sending out various letters requesting campus visits, student interviews, and on-campus testing.

Please consider coming to the South Campus on Tuesday, June 22, for the cookout.
