President Plans Banner Alumni Year

Nationally famous columnist and television star Ed Sullivan receives the LaSalle Collegian Public Service in Journalism Award from editor Walter J. Brough, as Brother G. Paul, President of LaSalle, looks on. Sullivan was invited to participate in LaSalle's observance of Catholic Press Month by virtue of his work in combating juvenile delinquency, and for his efforts on behalf of Catholic and other charities in New York.

WASHINGTON CLUB

The LaSalle Club of Washington held its organizational meeting in the Nation's Capital during Inaugural Week. The meeting was held on two successive nights, due to the burdens of exam week in the Graduate schools.

The preceding evening, Charlie Stoelker, Charles Kriessman, Ed Zulli, Jim Pie', and Bill Sabol, all attending Catholic University Grad Schools, had a dinner meeting with Tom Hickey, Alumni secretary.

The Club has been formed for the purpose of bringing together LaSalle men who are residing or attending graduate schools in or near the Capital.

Bill Holloran and Charlie Stoelker have assumed control of the Club to plan their first formal get-together.

CATHOLIC UNIVERSITY GRADUATE SCHOOL

Naulty '01 Honored

Dr. Charles W. Naulty Jr., '01, A.M. '09, was appointed Emeritus Member of the Staff of Perth Amboy General Hospital at a testimonial dinner in his honor on February 9th. He was presented with a silver Revere Bowl by the Hospital Medical Staff.

LEVY APPOINTS CHAIRMEN OF OPEN HOUSE: MEDAL, BANQUET AND BREAKFAST EVENTS

FIRST AFFAIR IN MAY

Following a full Board meeting of Class representatives, held at LaSalle College on February 28th, Oscar F. Levy '38, Alumni President, formally announced the calendar of Alumni social activities for the coming year.

The Open House, an annual sports affair, will be held soon after Easter, with James J. McKeeegan '40, as Chairman.

The Annual Alumni Banquet will be held on May 16th, Founders Day. Chairman Al Whalen '20, is working out the details for the location and speakers for this year's dinner. As in the past, the College Senior Class, 400 strong this year, will be introduced into the Alumni Association on this occasion.

The 1949 Signum Fidei Medal winner will also be announced at the Banquet, and the award will be presented if the recipient is available.

The summer informal Class reunions, which enjoyed considerable success last year, will be conducted again, and the formal Class reunions, at which the class representatives for the ensuing year will be elected, will be scheduled at the discretion of the individual class leaders.

This year, the 12th Annual Communion Breakfast will be held late in October. In order to bring this event into easier reach of the alumni, Mass will be celebrated in a Church in the center of the City, and Breakfast will be held at a nearby hotel, instead of on the College Campus. Larry Bowman '35, is Chairman of this Committee.

The dates of the Alumni-Varsity Basketball game, and the Blue and Gold Ball, will be announced later, Levy said.
NAULTY
Continued from Page One
climaxing an eminently successful career in Medicine and in civic and social affairs.

This news is for the benefit of younger Alumni only. To the grads of the ‘Old LaSalle’, it is a customary success story of a Christian Brothers product. To his classmates and friends, Dr. Naulty’s achievements are only what they had expected of him anyway.

It all started the day Charlie Naulty toddled up the steps at LaSalle way back in 1891. The Brothers had recently moved to Broad and Stiles and weren’t quite prepared for Charlie’s charge on the place, but after a few initial skirmishes, both he and the Brothers settled down to enjoy each other. He received his B.A. in 1901, a member in good standing of the Iota Pi Fraternity, along with Harry Devlin, Charles Gill, Lewis Farley, Edward Gallagher, John McCaffrey, Jim McCrudden, Mike McNamara, John Moore, Theobald O’Hara, Elias O’Keefe, Fred Schmidtt, Ralph Schoettle, and Frank Shields.

He received his coveted M.D. from Penn Med School in 1905, interned at Phila. General in 1906-07, sized the world up and began to move. He started out as Quarantine Officer for the Port of Perth Amboy in the U.S. Public Health Service, a post, incidentally, which he held until 1945. Returning to LaSalle during his spare time, Dr. Naulty received his Masters degree here in 1909. That did it.

His practice grew, and he advanced in the Perth Amboy General Hospital from Radiographer and Pathologist to President of Auxiliary Medical Staff, Assistant Medical Staff, and in 1924, Medical Chief. He became Secretary of the Medical Staff, retained that position until 1941, and became President of Medical Staff from 1944 to 1946. Along the way, he became a Senior Surgeon (R) of the U.S. Public Health Service, was President of Middlesex County Medical Society in 1934; President of the Association for the Relief of Crippled Children; Chairman of the Medical Advisory Committee for Red Cross and the Visiting Nurse Association. He was a radiologist in World War I, and a Medical Examiner in World War II. He is a Fellow of the American Public Health Association.

Where did he find the time to get all this done? Simple. He just sandwiched it all in between his social life, in which he has acquired such impressive titles as Past Deputy Grand Knight, K of C; Past Exalted Ruler, Elks; Past President of Kiwanis; Past President, Raritan Council of Boy Scouts; Awarded Silver Beaver, Boy Scouts, 1937; former Commissioner of the Board of Education. Nothing to it.

Dr. Naulty has two sons, one former Navy Lt. Commander, now an engineer, the other an officer in the Public Service Corporation.

And now that all the excitement of his testimonial dinner has subsided, Dr. Naulty is looking forward, with more than his usual enthusiasm, to the 50th Reunion of his Class of 1901.
