Construction of New Library Proceeding at Rapid Pace

The La Salle Endowment Foundation reports $222,144 in pledges and contributions for the Library Fund. To date, 480 Alumni have contributed $25,405 of the above amount. Alumni who have yet to contribute to the Fund will be given an opportunity to make their donations during the summer months.

With its four-floor concrete framework scheduled for completion by the end of July, the new library may be ready for occupancy by next January.

As soon as the concrete work is accomplished, the McShain Company is scheduled to erect the exterior limestone trim, after which the brickwork will be undertaken, probably in early August.

To date, electrical conduits have been sleeved through the concrete; also installed are steam pipes on the first and second floors, and an elevator piston in the shaft located on the south side of the building.

The installation of lighting hangers is now underway. Plans call for early erection of aluminum window frames and lighting fixtures.

Meet the Brothers

Brother E. Louis, Associate Professor of Spanish, entered the Christian Brothers Novitiate in March, 1919. He began his teaching career in 1921 at Visitation Parochial School. Because of ill health, he was assigned to the Christian Brothers Novitiate at St. Francis Vocational School, Eddington, where he remained for two years.

His next assignment was at Most Precious Blood Parochial School, after which he taught Spanish and Latin at West Catholic, commencing in 1926. Four years later, he came to La Salle College as Librarian and Instructor in Spanish.

In 1940, Brother Louis traveled to Spain, spending some time at the Brothers' School of Our Lady of Lourdes in Valladolid; because of the war in Europe, he was not able to return until December of 1941, at which time he went to West Catholic High School for a period of six months.

Returning to La Salle in June of the following year, Brother Louis has taught Spanish continuously since that time, advancing to his present position.

He holds a B.A. degree from La Salle, and a degree in Library Science from Drexel, which he received in 1928. He received the degree of Master of Arts in Languages from the University of Pennsylvania in 1934.

At the time he was interviewed, Brother Louis was convalescing in St. Mary's Hospital from an attack of bursitis. As soon as he has recovered, he intends to visit Spain again.
