Coat of Arms

of

La Salle College

(Cover Design)

The Coat of Arms of La Salle College embodies all that is her heritage. The predominant tinctures of the shield compose the college colors, old gold and blue. The shield is appropriately divided into quarters by a cross, as befits a Catholic college.

The first quarter displays the “Signum Fidei” to denote that La Salle College is under the tutelage of the Institute of the Brothers of the Christian Schools. The “Star of the Faith” is the symbol of the spirit of the Faith, the primary end of the teaching of the Brothers and the well-known device on the insignia of their Institute. A like star of five points is also a charge on the arms of the Archdiocese of Philadelphia in the See city in which the college is located.

The fracted chevron in the fourth quarter is derived from the coat of arms of Saint John Baptist de La Salle to honor the founder of the Brothers of the Christian Schools and the titular of the college.

The helmet above the shield recalls that the knights of old were prompt in defense of their Church and Christian mortality.

The motto “VIRTUS SCIENTIA” is translated “Virtue and Knowledge.” A motto briefly expresses an ideal, a program of life, and the spirit of Founders of La Salle College.
President’s Message

It is my pleasure to welcome you to La Salle College, and to take advantage of the opportunity to append to my cordial greetings a brief and earnest message.

I would like to direct your attention, at the beginning of your college days, to three pivotal ideas: the demands of the intellectual life, the needs of the present moment, and the responsibilities of adulthood.

You must be convinced, first of all, that while the intellectual life is rewarding, its joys are known only to those who labor perseveringly and diligently. Ordinarily, the obstacles to academic achievement lie, not in limited talents, but in a lack of self-discipline, the absence of a sense of order in one’s life. Most failures in college can be traced to nothing more complex than human laziness and uncertain motivation, or, what is surprisingly common among young people today, no apparent motivation at all.

The present moment in history direly needs men realistic enough to grapple honestly with ideas, for only sound ideas can lead to the honest convictions and immutable principles that make any human activity meaningful. A true college student will learn much more than he is taught; the ablest professors, the most learned texts, can only point the way. A true education cannot be contracted like a disease, or imposed like a prison sentence, or bestowed like a reward; it has about it more of perspiration than of inspiration. It is our hope that, by the time your college days come to an end, your real education will have certainly begun.

Finally, you must face the disquieting fact that, as you enter college, the curtain has finally fallen on that delightful period of human development known as adolescence. The problems and responsibilities of dawning adulthood naturally inspire apprehension, but the true college man is distinguished from the perennial adolescent by his realistic and intelligent approach to the demanding challenges of his new environment. True maturity will begin for you only when you become as acutely aware of your responsibilities as you are conscious of your rights, when what you ought to do becomes more important to you than what you would like to do.

It is my sincere hope that your years with us will be both profitable and truly happy; it is my earnest prayer that God will abundantly bless your sincere efforts to become the sort of intellectual, responsible men so sorely needed in these wonderfully challenging times.

Sincerely,

Brother Daniel Bernian, F.S.C.

Programs in Science leading to the Bachelor of Science degree in Chemistry and Electronic Physics.
Programs leading to a Certificate of Proficiency.

B. Evening Summer Sessions
Two summer sessions, each of six weeks length, are also sponsored each year by the Evening Division. Over forty courses are offered in the Evening Division Summer Sessions; besides regular evening
courses, day college courses are offered in any subjects for which adequate student interest has been indicated by pre-registration in the spring semester. For further information, check in College Hall 111, the Evening Division Admissions Office.

5. European Program:
   LOCATION—Classes are conducted at the University of Fribourg in Switzerland.
   ELIGIBILITY—The program is open to male students, beyond the Freshman year, from any Christian Brothers college in the United States. A knowledge of French is required.
   CREDIT—A full academic-year program (two semesters) is presented. This includes courses in religion and philosophy. Credit for all approved courses is granted by La Salle College. The College also cooperates with the Institute of European Studies in its program at Vienna.

Academic Offices

The Vice-President for Academic Affairs is the chief officer of this division of the College and is in charge of the instructional program.

The Dean of a specific school of the College is the chief executive officer of the School. Each student should consult the Dean of his school on the following matters:

1. anything pertaining to scholastic pursuits;
2. approval of rosters and schedules;
3. permission to make changes in courses of study;
4. permission to schedule extra hours;
5. permission to discontinue a course;
6. a deferred examination;
7. questions concerning scholastic standing;
8. class attendance and absences;
9. the Deans' list;
10. withdrawal from College.

The Registrar's Office attends to the following matters:

1. filing of student records and course marks;
2. issuance of transcripts;
3. preparation of quintile distribution;
4. issuance of student reports.
IMPORTANT: Current Selective Service regulations require colleges to report the full-time attendance of all students who are registered with Selective Service at the beginning of each school semester, and to submit proper notification of rank in class at the close of the school year. To meet these requirements, the Registrar’s Office maintains a permanent listing of the Selective Service numbers of full-time La Salle students. It is, therefore, imperative that students file these numbers in the Registrar’s Office as soon as they register with Selective Service.

Advisory System

Freshman Advisors
Members of the faculty set aside a minimum of six hours each week when they are available for counseling. It is strongly recommended that each freshman choose a faculty advisor, preferably from his major department, and consult with him at frequent intervals during his college career.

Course Advisors
Academic guidance is necessary to enable students to derive the utmost benefit from their programs of study. Members of the faculty (usually chairmen of departments) are appointed to give assistance in the selection of programs of study and of courses within such programs. Course Advisors work under the direct supervision of the Dean’s office, and they meet with students especially during pre-registration. Faculty members should post office hours during which they are available for consultation and counseling. Students should feel free to consult with their professors during this time on problems related to their courses or more general problems of their college programs.

Pre-registration
Pre-registration takes place during the Spring Semester, and it is at this time that students confer with their advisors and decide on their academic program for the following year. Notices giving complete information about pre-registration are prominently posted to remind students of their obligation in this matter.

Students are responsible for completing pre-registration forms listing all required and elected courses, and for submitting them to the proper advisor for approval. On the basis of these forms, the student’s roster for the following year is prepared by the rostering office.
Registration Procedure
Registration is normally held the week before classes are scheduled to begin. A student has officially registered when he has done the following:

1. completed the required form cards in ink or with a ball point pen.
2. if necessary, reconciled any conflicts in his roster with the Director of Rostering.
3. had the form and course cards stamped by the representatives of the Deans' Offices and the Business Office.
4. procured his student I.D. card.

Academic Regulations

Attendance Policy
Students are expected to attend classes regularly. Absences are permitted to provide for conditions beyond the control of the student. Ordinarily, these are equal to twice the semester hours scheduled for the course: for example, six absences in a three-hour course. A student who, in the opinion of his instructor, is absent to excess can be given a grade of "F." Attendance is noted from the first regular class meeting regardless of the time of registration.

Change of Courses
During the first two days of each semester, a student may make, with the written approval of his Dean, a change in his roster of courses. Courses dropped or discontinued without the written approval of the
Dean after this period are recorded as “Failures” and are so evaluated for all purposes. The classes missed in the course to which the student transfers ordinarily are charged against the student.

Withdrawals
A student who withdraws from the College must submit a Withdrawal Notice to the Dean of his School. In the event that a student withdraws without submitting an official Withdrawal Notice, honorable dismissal is not granted, and he forfeits the privilege of returning to the College. The date of filing the Withdrawal Notice is considered as the date of withdrawal in all cases.

Conduct of Examinations
Examinations are held in all courses at various times throughout each semester as scheduled by the instructor. Regularly scheduled final examinations are given at the end of each semester. The schedule for the final examinations is published in the Collegian and is posted on various bulletin boards.

All students are expected to take final examinations at the regularly scheduled times. If, for any extraordinary reason, a student cannot be present, he must obtain the permission of the Dean of his School to take a delayed examination, and will be expected to pay a fee of $5.00.

In all examinations, students are expected to conduct themselves with the highest degree of integrity. Dishonesty or other improper conduct during the administration of any examination will subject the student to appropriate disciplinary measures.

R.O.T.C.
In addition to observance of the regulations contained in this Handbook, R.O.T.C. students must comply with the Cadet Regulations published by the Department of Military Science.

Bulletin Boards
For publication of notices, the Office of Academic Affairs uses the bulletin boards near the Deans’ offices. Other bulletin boards on academic affairs are departmental. Students are held responsible for knowledge of notices within twenty-four hours after posting and should make it a practice to consult these bulletin boards daily.
The Library

The building is located on the Olney side of the campus. Its collection of over 115,000 books and 450 magazine subscriptions is centered around the College curriculum and provides most of the books a student is ordinarily called upon to consult.

Library Regulations

Each student must obtain a student I.D. card entitling him to withdraw books for home or library use. He must present this card each time a book is withdrawn, and he shall be held responsible for all books drawn on the card. Books may be retained for a two-week period and may be renewed once.

Reference works (dictionaries, encyclopedias, and the like) are shelved in the reference reading room. These are for use in the library only and may not be withdrawn for outside use.

Books placed on reserve by faculty members for the use of students may be withdrawn for use in the library. Some may be taken out for overnight use. Regulations concerning these are posted in the “List of Reserve Books” at the Reserve Book Desk.

A fine of two cents per day (higher in the case of reserved books) is charged for books not returned on time. During the period when a student owes a fine or retains an overdue book, his library privileges are suspended.

All conversation and smoking is prohibited in the Library stack and reading areas. Failure to comply with this regulation will result in the suspension of library privileges and/or a $10.00 fine.

Academic Standing

Scholarship Index

A scholarship index system is used at La Salle to determine a student’s average grade. In the determination of the index, each letter grade is ascribed a numerical value, called the grade point. “A” is valued at 4 grade points; “B” is valued at 3 grade points; “C” is valued at 2 grade points; “D” is valued at 1 grade point; “F” is valued at zero grade points.

A grade point score is calculated for each course by multiplying the numerical equivalent of the letter grade by the number of semester hours. The cumulative index, or the average grade of all courses, is found by dividing the sum of the grade point scores for all courses by the total number of semester hours of courses attempted.
Academic Censure

Academic censure may be imposed for scholastic reasons. Censure may assume any one of four forms, depending on the gravity of the situation calling for scholastic discipline:

(a) **Warning.** An official warning is given to a student who has received “Failure” grades in one-third of the semester hours which comprised his official roster for the term last completed.

(b) **Probation.** A student is placed on probation when: (1) he has attained a cumulative scholastic index of (a) less than 1.50 at the end or the first or second semester, (b) less than 1.75 at the end of the third of fourth semester, (c) less than 1.90 at the end of the fifth or sixth semester; or, (2) he has received “Failure” grades in more than one-third of the semester hours which comprised his official roster for the term last completed.

A student on probation forfeits the privilege of cuts, active participation in extra-curricular activities and eligibility for class or club office.

(c) **Suspension.** This is requested withdrawal from courses and residence, with the privilege of returning at the discretion of the Dean of the School.

(d) **Dismissal.** This is requested withdrawal from courses and residence without the privilege of seeking re-admission.

A student is subject to dismissal: (1) when he has attained a cumulative scholarship index of (a) less than 1.00 at the end of his first or second semester, (b) less than 1.50 at the end of the third or fourth semester, (c) less than 1.75 at the end of the fifth or sixth semester; (2) if he has received “Failure” grades in one-half of the credit hours of his official roster for a particular year; (3) if he has been on probation for two successive terms.

**Deans’ Honor List**

The Deans’ Honor List is published at the termination of each semester for all classes except the Freshman class. To be eligible for this List, a student must have complied with all the regulations of the College and have a cumulative scholastic index of 3.40. While students on the Deans’ List are excused from class attendance regulations, they are expected to fulfill the requirements of every course rostered. They are also eligible for courses in the College’s Honors Program.

**Honors Program**

A special program of courses in required subjects and Independent Study Courses, the latter usually given by visiting professors, is available to students of above-average ability. Candidates for the program are invited
from the incoming Freshman class. Students in other classes may later be invited by the Director of the Honors Program to join the program on the basis of course work, which typically should be of Deans' List quality.

**Requirements for a Degree**

(a) The candidate for a degree must have completed course work equivalent to a minimum of 126 semester hours.

(b) He must have obtained a "C" average or cumulative index of 2.00 in his prescribed program of studies.

(c) He must have fulfilled all course requirements prescribed for him by the Department in his chosen area of concentration.

(d) He must have completed 8 semesters of collegiate study, the final two of which must be spent in residence at La Salle, that is, as a student following a full program.

**Graduation and Honors**

The bachelor's degree with honors is conferred on a student who has completed his course at the College with an average of all marks not lower than 3.4 and who is not under sanction for disciplinary reasons.

In the computation of honors, the candidate for the bachelor's degree who has earned an average of 3.8 in all courses will be graduated with the designation *maxima cum laude.*

A candidate who has earned an average of 3.6 will be graduated with the distinction *magna cum laude.*

A candidate who has earned an average of 3.4 will be graduated with the distinction *cum laude.*

**Student Publications**

**La Salle Collegian**

This is a weekly student newspaper. It serves both as a workshop for students who are interested in journalism and a vehicle for disseminating views and news of interest to the student body.

**The Explorer**

This is the Annual published by the members of the graduating class. It is a voluntary activity initiated by the students and is supported in the main by individual subscriptions. It serves as a record of college life and activities. It can be obtained by underclassmen on a subscription basis.

**Tricon**

The literary magazine sponsored and managed by the students, usually those of the English Department. Student literary work occasionally appears, too, in *Four Quarters,* the faculty sponsored magazine.
Vice President's Message

The lives of heroic men are always challenging because they are inspired by the dynamic conviction that man with God is great and that he has been given something great to do despite his times and circumstances. Men without challenge are often unwilling to accept opportunity, fearful to undertake to completion that great task at hand, too prone to blame others, too easily discouraged along the way. You must have an overwhelming faith in the importance of the work you have to do. St. La Salle had such a faith in the Christian education of youth, and from him La Salle College has inherited her faith in the importance of your education.

Christian education aims at the perfection of the whole man—his spiritual, intellectual, physical, and social perfection. Life and living are more complex than just one Sunday Mass, one biology lesson, or one successful basketball season. Education is more than training for making a living; it is training for living. La Salle College wants to give you such an education. Cooperate with her. Take advantage of what she has to offer.

The unselfish, well-trained, professional men who make up the teaching faculty at La Salle work together for your development toward perfection. So too, dedicated men are at your service in the Deans' Offices, the Counseling Center, the Chaplain’s Office, the Medical Center, the Office of Housing, the Athletic Office, the Offices of Student Council and Student Organizations, the College Union, and many others. Go to them. Cooperate with them for your greater good—for your preparation to face successfully the crises of this troubled world.

Sincerely,

Counseling Center

The Counseling Center has been established to assist students with questions related to educational plans, vocational plans, study habits, personal problems, and military matters.

The counseling services of the College begin even before the student registers for classes, and are available throughout the years that the student is in attendance.

All students on matriculating in the Day Division of the College for the first time are required to participate in La Salle’s Pre-College Counseling Program. The purpose of this program is to help each student gain a better understanding of himself and of La Salle.

It is only during the Pre-College Counseling Program that a student is required to meet with his counselor; but, once he has matriculated at the College, he may return to the Counseling Center at any time he wants for additional assistance. This could include:

educational assistance on matters such as appraising academic strengths and weaknesses, reviewing study habits, choosing or changing a major, planning for graduate or professional school, and similar matters.

vocational assistance for such things as assessing aptitudes and interests, exploring career possibilities, obtaining occupational information, choosing or changing a career objective, etc.

psychological assistance with matters of a personal nature such as social and emotional problems, adjustment difficulties, and the like. Severe psychological disorders are not treated in the Counseling Center, but the counselors are prepared to help students obtain appropriate assistance. Referrals to psychiatrists, speech therapists, reading specialists, and tutors can be arranged with a counselor.

diagnostic services for help in determining the cause of problems. The staff psychiatrist is available for evaluation consultation, and the
counselors are prepared to offer help in diagnosing the cause of reading, educational, vocational, adjustment, and similar problems.

Students will find in the Counseling Center an up-to-date file of occupational information with particulars on a wide variety of careers. Reference to this file, which is open to students at all times, will give information about occupations: the nature of the work, the usual entrance requirements, starting salaries, opportunities for advancement, and the immediate and long-range outlook for employment. Many of the pamphlets in this file may be taken out overnight.

For those who plan to continue studies beyond college, the Counseling Center provides the following aids:
— a current library of graduate and professional school catalogs;
— a directory which lists graduate awards available for every major graduate and professional field of study. This is published annually, and distributed to all Juniors with a Grade Point Average of 3.00 or higher, and it is also available to other students upon request.
— a supply of application forms for admission tests for graduate school, law school, medical school, and dental school.

The Counseling Center maintains files of information on technical schools, military programs and Selective Service Requirements. These files, too, are open to students at all times.

Students who wish to see a counselor normally are asked to make an appointment in advance. This can be done either in person or by phone through the receptionist in the Center. The Center is in McShain Hall. The telephone extension is 231.

Financial Aid Office

As a service to those students who cannot provide the full cost of their college education through their own and their families' reasonable efforts, the College has established a financial aid office. The Financial Aid Director is available for counsel and assistance to the student in need of financial aid. The term "financial aid" includes scholarship grants, long-term loans, and employment opportunities which the student may use singly or in various combinations. Financial aid is designed for those students who, without such assistance, would be unable to attend college. In effect, every La Salle student holds a scholarship since the income from tuition alone does not completely meet the operational costs of conducting the College. La Salle cooperates with the
Federal Government and the Education Assistance Agencies of several States in their various programs of financial aid to students. Aid from these sources should be viewed only as supplementary to the efforts of the student and his family who are expected to make a maximum effort to meet the expenses of a college education.

National Defense Student Loans: College students (or those accepted for enrollment by a college) are eligible for these Loans provided they demonstrate the need for financial help toward their educational expenses. Under this program, a student may borrow as much as $1000 per academic year. Interest and repayment of the Loan begin after completion of his college program.

Guaranteed Loans: Students who do not show a great enough financial need to qualify for a National Defense Student Loan may borrow under the Guaranteed Loan Plan. Here, a student may borrow as much as $1000 per academic year. If the family income is less than $15,000 per year, the interest on the student’s loan is subsidized by the Federal Government. Interest and repayment of the Loan begins for the student after completion of his college program.

Students seeking information, advice, and help in planning a financial aid program to assist them in meeting the cost of their education at La Salle are invited to contact the Financial Aid Director in College Hall, room 220.
The College Health Program

The College maintains a Health Service for the purpose of promoting the general health of the students and enlisting their cooperation in safe-guarding themselves from preventable illness and accidents, which might otherwise lead to absence from classes and interruption of their program of study.

The principal component of the Health Service is the new Dispensary, which is under the direction of the College physician, a registered nurse and an assistant licensed practical nurse. Located on Olney Avenue near 21st Street. The regular hours for treatment and consultation are from 9:00 A.M. to 5:00 P.M.

For resident students, the Infirmary provides temporary care for minor illness; for serious or prolonged illness, removal to a local hospital is arranged by the College Physician.

All resident students are required to have a physical examination by the College Physician upon entrance.

The clinical facilities of the Germantown Hospital (very close to the campus) are at the disposal of any student, in case of emergency.

To provide necessary medical protection at a reasonable cost, a plan is available which offers coverage for a 9-month period, and includes both illness and accident. The cost is usually $35.00. Participation in this program is optional, but all foreign students or those whose home is outside the United States are required to have this protection. Arrangements can be made through the office of the Vice-President for Student Affairs.
Religious Activities

The religious life of the College is planned, first of all, as a service to the individual student: to give him opportunities to prayer, to offer the Eucharistic Sacrifice, to receive the Sacrament of Penance, and to be helped by religious counseling. But there is a second purpose: to unite the faculty and the students in an experience of corporate prayer; giving expression in worship to the community of teaching and learning at La Salle.

For the resident student, in particular, the College Chaplain offers a complete pastoral service: Sunday and daily Masses, frequent opportunities for confession, special days of renewal, seasonal devotions and the celebration of special feasts.

The religious life of the College is centered in the newly-constructed College Chapel, on the basement level of College Hall. Here, all the Masses are offered, the Sacrament of Penance is administered and students find a setting, perfect for full participation in the Liturgy and for quiet devotional prayer.

Next to the Chapel is the Office of the Chaplain, who is nearly always present for confession and counseling.

Daily Mass is offered for the students in the College Chapel at 7:25, 7:55 A.M. and 12:30 P.M. In certain seasons, a Mass is celebrated also at 4:30 in the afternoon. Confessions are heard daily during the morning Masses and from 12:00 to 12:25 P.M.
During the school year special preaching is offered the students on Days of Renewal or Recollection: during Freshman Orientation, and at regular intervals on free days, on great feasts, and during the religious seasons of Advent and Lent.

Certain feasts are celebrated by special Masses or devotions. A Solemn Mass of the Holy Spirit begins each academic year, and a Solemn Baccalaureate Mass of Thanksgiving completes it. A special Mass is celebrated on the feast of St. Barbara, the Patron Saint of Artillerymen, which all members of the ROTC unit of the College attend in uniform. A special Mass of All Hallowing during Catholic Youth Week inaugurates the extra-curricular program of the student organizations.

Intramural Athletics
The program of intramurals is developed to satisfy the needs of the student body to the extent permitted by available facilities. Intramural leagues in seasonal sports—touch football, basketball, tennis, baseball, softball, volleyball, swimming, bowling and track—are formed. The Dean of Men will implement the decisions which might involve the various forms of censure which are normally: 1) Warning; 2) Fine; 3) Disciplinary Probation; 4) Suspension; and 5) Dismissal. The latter three may be more formally defined as:

Student Government at La Salle

Mr. James A. Kopaz
President, Student Council

Mr. Charles A. J. Halpin, Jr.
Advisor to Student Council

Student Council

The Student Council, together with its component parts, constitutes the student government of La Salle. It is composed of 29 voting representatives: the President of Student Council, who is elected by the student body at large; the four duly elected officers of each class; four officers elected by the College Union Committees; four officers from the Residence Council; and four officers chosen by the Student Organizations Commission.

There are two key aspects to the function of the Student Council. The first is that of serving as the organ through which the student community of La Salle can, in large measure, govern itself; and the second is that of providing a clear and direct channel of communication between the students and the administration. Both of these activities are absolutely vital to our aim of developing an atmosphere of informed inquiry which fosters individual involvement and student responsibility.

The Student Council, in addition to its legislative and communicative roles, manages the Student Loan Service, sponsors the Freshman Orientation Program, operates the Student Book Exchange, handles the renting of locker space in Wister Hall, represents the College at intercollegiate meetings, and participates in the work of the Student Court.

The Student Court is the Judicial arm of Student Government and has been established as the first step in the judicial system of La Salle College. The Court has jurisdiction over all matters of student conduct,
except such matters of normal deportment as are usually handled by teachers in the classroom or residence directors in the dormitories, matters of moral turpitude, jurisdiction over which has been reserved to the Vice-President for Student Affairs and to the Faculty Committee on Discipline. The Student Court consists of a Chief Justice, five Associate Justices and the Student Council President.

Normally, the Student Council meets every other Tuesday at 7:00 P.M. All students are strongly encouraged to attend these proceedings. Further information concerning Student Government can be obtained in the Student Council Office which is located in Room 303, on the third floor of the College Union Building.

Faculty Advisors of Clubs and Organizations

A Faculty Advisor is appointed by the Vice-President for Student Affairs for every club and organization which is considered as curricular or extra-curricular on campus. The Faculty Advisor shall act as liaison officer between his club or organization and the College Administration.

The Advisor shall act as judge in all questions as to the legality, propriety or diplomacy of decisions or actions of the organization or its members in what concerns College regulations and inter-institutional relations.

The Advisor shall attend all meetings as far as this is possible. He shall be informed by the President of the Club or Organization of the time and place of all meetings long enough in advance so that he may arrange to attend. Likewise, the President should consult with the Advisor regarding the agenda of the meeting.

It is expected that the Faculty Advisor shall attend all social functions sponsored by his Club or Organization. Should this not be possible on any occasion the Faculty Advisor should arrange to have another Faculty Member substitute for him so that the social activity will not be without Faculty supervision.

Each Faculty Advisor shall supervise carefully the expenditure of funds which are deposited in the Bursar's Office. No money may be withdrawn from an Account in the Bursar's Office without the signed approval of the student Treasurer of the Club or Organization AND that of the Faculty Advisor.
