GENERAL INFORMATION

La Salle College, founded in 1863, is a college conducted exclusively for young men by the Brothers of the Christian Schools. Two Summer Sessions of five weeks each — June 20 to July 22 and July 25 to August 26 — are held.

The Summer Sessions can mean:
- Lightening your course program for next year;
- Acceleration of time required to obtain your degree;
- Removal of an academic deficiency;
- Placement in advanced courses during the fall term.

Besides matriculated La Salle Students, men from other institutions are welcome, provided they obtain the approval of their own academic officers and meet the requirements of La Salle College.

The staff of the Summer Sessions is selected from the regular full-time faculty members of La Salle College.

Summer Sessions are conducted in air-conditioned classrooms and lecture halls.

High School graduates who wish to lighten their Fall Term roster may take courses in Freshman English, Mathematics, Modern Languages and Social Sciences.

TRANSCRIPTS

Students who wish credits transferred to another institution should fill out a request for transcript of grades at the time of final registration.

PRE-REGISTRATION

All students who intend to matriculate at La Salle College should pre-register before June 6, 1966. Pre-registration forms are available at La Salle College. Students from other institutions may use the form provided in this BULLETIN.

FINAL REGISTRATION

For the dates and hours of final registration, please refer to the Academic Calendar.

All students, even though pre-registered, must complete the process of final registration.

Rules of the College make payment of all fees an integral part of final registration, hence, registration is incomplete until the fees have been paid.

Courses listed in this catalogue are subject to cancellation if there are not sufficient students registering for the course.
WITHDRAWAL

Withdrawal from the Summer Sessions must be made in writing to the Director of Summer Sessions. The official date of withdrawal (for the purpose of computing charges and grades) is the date on which the Summer Sessions Office receives the written notification, not the date of the writing. Students who fail to give written notice of withdrawal from the Summer Sessions will be charged the full tuition and receive a grade of failure (F) for each course.

REFUNDS

The Refund Policy of La Salle College is stated on the reverse side of the Student Matriculation Card. This policy is rigidly enforced.

CHANGE OF ROSTER

No course or section may be changed for another course or section without a written request to the Summer Sessions, and the approval of both faculty members concerned and the Director of the Summer School. No change in courses will be allowed after June 22, 1st session, or July 27, 2nd session. A fee of $5.00 payable in advance, will be charged for each course changed subsequent to the student's registration.

ATTENDANCE

Attendance at La Salle College is compulsory and absences from class and/or laboratories necessarily will affect the final grade. Missed laboratory work and examinations (other than final examinations) may be completed at the discretion of the course instructor.

A student who is absent from a final examination, for any reason whatsoever, must notify the Office of Summer Sessions of the reason by letter or telegram within 48 hours after the scheduled time of the examination. If this is not done, the student will not be permitted to take a make-up examination. UNPREPAREDNESS WILL NOT BE ACCEPTED AS AN EXCUSE FOR MISSING A FINAL EXAMINATION. A student whose absence is excused due to illness substantiated by a doctor's note, and whose work was passing, may have another opportunity to take the examination. All make-up examinations must be completed by October 1, 1966.

EMERGENCIES

Ordinarily, messages cannot be delivered to students on campus. However, under conditions of extreme emergency, the Summer Sessions Office will attempt to locate students during class hours.
HOUSING

Students attending summer sessions who live outside metropolitan Philadelphia should make arrangements for off-campus housing through Mr. John Veen, Director of College Union. All out-of-town students must reside in off-campus facilities approved by the College.

ACTIVITIES

All facilities of the Student Union Building, cultural and social center of La Salle College campus activities, will be open to students attending the Summer Sessions. The air-conditioned Music Room will be available for leisurely study, and food services will be offered in the air-conditioned Snack Bar.

SPECIAL PROGRAMS

Counseling Workshop for Sisters Superiors
June 12-24
(Mistresses of Junior Professed and Superiors of Convents)

This workshop has been developed and planned in response to an acknowledged need by Sisters Superiors for some training in effective means for directing the young nun in contemporary America. Lectures by experts, seminars, counseling practicums, and individual consultation will be employed to achieve this goal.

For further information and applications, write to:
Brother Austin Dondero, F.S.C., Ph.D.
La Salle College
Philadelphia, Pa. 19141

Vocation Counseling Workshop for Teaching Brothers
June 28 - July 13

The purposes of this workshop are: to provide in-service training for vocation recruiters and others engaged in this work, to acquaint them with the current thinking about vocation problems, to equip them better as counselors, and to enable them to understand better the adolescents with whom they deal.

For further information and applications, write to:

Workshop in Art Techniques for Teaching Sisters
June 27 - July 22

This workshop has been developed in response to an acknowledged need on the part of elementary and secondary
teachers for training in the elements of art techniques for the classroom. Instruction in planning, drawing, sketching, lettering, the use of water colors, use of oils, plastics, glass and other special art materials will be given. Instruction will be given for two hours daily. Laboratory facilities will be available throughout each day of the workshop. There will be no tuition for this non-credit workshop. A materials fee of $10 will be charged. Limited number of participants will be accepted.

Workshop in Chem Study for Secondary School
Chemistry Teachers
June 20 - July 22

This workshop will deal with the principles and teaching methods of Chem Study. Principles to be covered are: States of Matter, Kinetics, Equilibrium, Solubility, Electrochemistry, Acids, Bases and Salts, Quantum Mechanics, Chemical Bonding. The purpose of the Workshop is to give an appreciation of the principle of Chemistry rather than traditional descriptive material. Four undergraduate credits will be offered to those who successfully complete the program. Fees: $60.

GRADUATE PROGRAM IN RELIGIOUS EDUCATION

In 1950 La Salle College established a Master of Arts program in Religion largely to prepare Christian Brothers as teachers in secondary schools. The curriculum designed at that time, and taught for fifteen years, was classical and scholastic in its form. Gradual changes were made in the program as the faculty gained experience in preparing teachers for modern schools.

In 1965, two profound changes were introduced. First, the courses were opened to priests, seminarians, brothers, sisters or laymen; second, the curriculum and the teaching methods were brought in close harmony with the renewed theological and catechetical climate in the Church.

This climate is defined by three influences. First, the Vatican Council proclaimed its solemn teaching in the Constitutions On the Church, On the Sacred Liturgy, On Ecumenism and On the Presence of the Church in the Modern World. Second, a renewal in the forms of liturgical worship and a realization of the role of public prayer in the formation of
Christians accompanied the new understanding of Church and worship. Third, a developing understanding of the content and method of teaching God’s word to men, called the kerygmatic or catechetical movement, came to maturity.

The New Graduate Program is moulded by these three influences. The teaching is biblical and liturgical in its content and orientation. The New Program draws deeply from, and will itself be a forceful contribution to, the modern catechetical movement. Thus it serves the needs of religion teachers in today’s schools, of catechists in the CCD, of all who desire the science and art of handing on the faith.

The New Program also gives particular emphasis to the religious psychology of the child and adolescent — an area of teaching in which La Salle College already enjoys a wide reputation for excellence — and to the theory and practice in methods of contemporary catechesis.

The following courses will be offered in the Graduate Program in Religious Education:

- Teaching the Four Signs: Contemporary Catechetical Methods.
- Salvation History: A Course in Biblical Initiation.
- The Church in the Modern World.
- The Religious Psychology of the Adolescent.
- Basic Thomistic Theological Principles.

In addition to the Graduate courses listed above, a selection of undergraduate courses in theology in the areas of biblical introduction, dogmatic and sacramental theology will be offered.

Classes in the graduate program will begin on Monday, June 20, 1966 and continue until Friday, July 29. Lecture halls will be air conditioned. For further information write:

INSTITUTE OF CONTEMPORARY THEOLOGY

Course work in the graduate program will be supplemented by a course of five lectures to be offered on Monday evenings by a group of noted and outstanding lecturers, who will discuss the main themes of the Vatical Council in the areas of theology, liturgy, renewal in religious life, the vocation of the Christian, and revelation and Sacred Scripture. The public is invited.

PHILOSOPHY (Contd.)

428 Marx and Marxism 1st Sem. 4 cr.
The course will deal briefly with the historical-philosophical background of Marx's thought, including the religious factor in the origin and development of Marxism. The maturation of Marx's doctrine from his early Hegelian commitment to his last writings will be analyzed, with special emphasis on the recently discovered manuscripts of 1841-44. The subsequent development of Marxism from Engels to the present will be discussed, along with the dissimilarity between Marx's own doctrine and contemporary dialectical materialism. Special attention will be given to the challenge which Marxism offers Christianity. Criticism of Marxism will be in terms of inconsistencies within the doctrine itself.
