WELCOME

The Student Health Center would like to welcome Mark Angelo, MD who has joined the Student Health Center staff as of January 15, 2002.

Dr. Mark Angelo is no stranger to La Salle University. He graduated Maxima Cum Laude from La Salle University in 1993. He earned his medical degree from Temple University School of Medicine. Dr. Angelo has recently joined the practice of Michael Lalor, MD, Northwest Medical Group, PC, who has been our physician consultant since 1999.

We are pleased to have “one of our own” as we continue to strive to provide quality health care to all of our La Salle University students.

To: The La Salle University Community

Last August, at the very beginning of our academic year, I addressed the faculty in the Rodden Theater, sharing La Salle’s progress in planning for the next stage of our University’s development. Now, as we reach the mid-point of the school calendar, I want to report to you on what has been accomplished since August and what I hope we will accomplish by the end of May.

I give a very high priority to keeping faculty, administrators and students informed about and engaged in the development of a new strategic plan for the University. So, you can expect further updates from me or from our Strategic Planning Task Force as the process continues.

Over the course of last spring, I met with representative groups from faculty, administration and the student body to have an open dialogue about aggressive goals for La Salle in the near future. The resulting set of goals has come to be called my “Vision Statement” for La Salle. I greatly appreciate the contributions everyone made to the process of formulating these stretch goals, which our Board of Trustees reviewed at its May 2001 retreat.

But clearly a vision of what we would like the future to be is, by itself, not enough. To take the critical next step, to translate that vision into reality for La Salle, we need a road map, a strategic plan that lays out objectives and assigns accountabilities, all in a financially sound context. And I hope you will continue to be involved in this process, as you were last spring.

After consultation with the University Council, in November I appointed members to a Strategic Planning Task Force, which will report to me through the Council. The Task Force includes key members of each of the University’s administrative areas, three faculty representatives and the president of student government. A list of those serving on the Task Force follows this letter. Prof. Jim Smither, of the Management Department, is chairing this group. Please join me in thanking all these colleagues for their service.
The University Council has charged the Task Force with the development of a formal, written planning document. I hope to present a draft of this document to the University’s Board of Trustees in May, after an April review by University Council. Submission of a final document for Board approval could be scheduled for fall 2002.

The Task Force has a challenging job ahead of it, one that has great significance for the future of La Salle. I know you will give its members all the help they request from you.

They need the support of the entire University community as they gather the information and insights needed to formulate an effective plan for the next five years. Prof. Smither will be sending you periodic progress reports on behalf of the Task Force.

The work of our Strategic Planning Task Force promises to open an important and exciting new chapter in La Salle’s history. I am proud and honored to be working with you, the Task Force members, and our Trustees in this process, as we focus our God-given gifts on the challenge of taking La Salle to the next level of greatness.

Sincerely,

Brother Michael

Subject: Student Awards Nominations

Date: January 18, 2002

Nominations for the awards described in detail below are hereby solicited and will be accepted from members of the faculty and administration through Wednesday, February 6, 2002. A copy of the standard nomination form follows this memorandum. Please feel free to make or request additional copies. If the space provided on the form is insufficient, please feel free to attach additional sheets as needed. Students nominated will also be asked to have written recommendations submitted on their behalf.

**Methods of Designating Recipients**

1. Any administrator or faculty member may nominate a senior for the awards.
2. To compete for an award, a senior must be nominated by an administrator or faculty member. (Nominations for Flubacher Awards will be accepted from student organizations.)
3. Any senior who deems himself/herself qualified may request a nomination for one or more awards from an administrator or faculty member.
4. The appropriate awards committees will have the authority to adjudicate recipients from those nominated.

**The Joseph F. Flubacher Student Leadership Award** is offered to a graduating student who has made a contribution to the quality of student life by demonstrating significant leadership in student organizations, university governance, and/or intercollegiate athletics.

**Qualifications**

1. The recipient shall be a graduating senior from the Day Division of the University.
2. The student shall have demonstrated exceptional leadership skills throughout his/her university career. The student shall have significantly enhanced the membership, programs, and/or goals of a particular organization(s); made a contribution to the work of a university committee; and have had a positive impact on the general program of student life.
3. The student’s record should be free from major disciplinary sanctions, i.e. probation.
4. Academic standing will be a major consideration but will be given less weight than evidence of leadership skills and accomplishments.

**The Brother Emery C. Mollenhauer Award** is presented to that graduating senior who best exemplifies those Lasallian values to which Brother Emery was committed during his tenure as Provost, in particular the values of charity and justice which are hallmarks of St. John Baptist de La Salle’s pedagogy.

**Qualifications**

1. The recipient shall be a senior, graduating student of the University.
2. The recipient shall have demonstrated, over a period of time, a commitment to community service activities on or off campus.
3. The student should exemplify through his/her involvement in such activities a dedicated concern for the principles of peace and justice.
4. The student shall have at least a 2.5 cumulative Grade Point Average at the time of application.

The James A. Finnegan Memorial Award is offered to the member of the graduating class who by virtue of accomplishment and service is judged by the faculty to show promise of applying Judeo-Christian ideals of social justice in a political or governmental career.

Qualifications
1. The senior to be considered for the award should offer some prima facie evidence of participation in political affairs on and/or off campus. Leadership and participation in other extra-curricular activities are also to be considered, though given somewhat lesser weight. There should also be some indication on the part of the senior of intent to pursue a career in politics and/or government.
2. In exemplifying ideals of Judeo-Christian social justice, the recipient should exhibit integrity and courtesy in all of his/her endeavors.
3. Ordinarily, the recipient will be in the upper half of his/her graduating class.

The John McShain Award is offered to the member of the senior class who maintained an excellent scholastic record and is considered by faculty to have done the most for the public welfare of La Salle University.

Qualifications
1. The recipient shall be a senior, graduating student of the University.
2. High scholastic achievement normally shall be interpreted to mean Dean’s List standing.
3. In recognition of the monetary value of the award, the recipient should show evidence of his/her intent to attend graduate or professional school.
4. Primary consideration shall be given to leadership and participation in those activities which advance the good name of the University beyond the immediate campus and which enhance the role of La Salle University in the life of the region.

The Student Activities Achievement Awards are presented to those graduating seniors who have made significant contributions to La Salle’s program of extra-curricular activities. Traditionally, these awards have been intended to recognize those students who do not qualify for other award programs due to academic or other criteria that limit the number of award recipients. Faculty members and administrators, particularly those who work closely with student organizations, are invited to nominate as many students as they feel are deserving of these awards.

Roles for which a student is compensated by the University, i.e. office workers, Resident Assistants, scholarship athletes, and Union, Food Service, and Athletic Department Student Managers, are not by themselves given consideration. When nominating a student who falls into one of these categories, please also include all other known areas of participation.

When nominating students, please keep in mind that our intent is to recognize significant contributions. As the number of recipients has increased dramatically in recent years, concern has been expressed (often by students themselves) that nominators and selectors should discriminate carefully in order to assure that students recognized are truly distinguished.

Thanks very much for your attention and response to this request. Please do not hesitate to contact me or my assistant, Ms. Maureen Doyle, at x1374, if you have additional questions.
