RE: Provost's Distinguished Faculty Award Installation and Reception

As you know, Dr. James Butler received the Provost's Distinguished Faculty Award at our Opening Convocation in August.

We wish to recognize this award again by an informal unveiling ceremony for Dr. Butler's nameplate on the permanent plaque in the Connelly Library foyer. I cordially invite you to join Dr. Butler and me for this occasion at 1:00 p.m. on Friday, November 8, 2002. Refreshments will be served in the Conference Room on the second floor of the Library immediately following the unveiling.

Thank you and I hope you will be able to join us in this additional recognition of Jim's distinguished contributions to the welfare of La Salle and its students.
Security & Safety Department

To: The University Community

From: Mr. John Gallagher, Security & Safety Department

Subject: Main Campus Parking Concern & Enforcement Notice

The Security and Safety Department makes every effort to accommodate the parking needs of the university community, its visitors and guests. However at times due to the limited number of spaces on Main Campus, some requests cannot be fulfilled.

Authorized parking spaces on Main Campus are limited. Parking within the Main Campus has become congested to the point that an excessive number of vehicles are parking in non-authorized areas and roadways. This condition is most prevalent Monday through Friday during the regular hours of work/class behind McShain Hall, in the front of Olney Hall and near the “Quad” wall.

In some cases, invited guests or visitors have been authorized to park in non-designated parking areas. However, most of the time the majority of autos parking in these areas display a Main Campus permit hangtag. Not only does this condition give the appearance of clutter; it has safety considerations when viewed from the point of having emergency vehicle access through the congested roadways. In addition, the current parking conditions on Main Campus inhibits university service departments from completing their daily tasks and would surely interfere with future snow removal efforts.

Having a Main Campus permit does not guarantee a parking space on campus, nor, does it authorize parking in other than authorized parking spaces. If there are no legal spaces available on Main Campus, authorized parking spaces must be utilized in the Faculty/Staff parking areas.

In an effort to address this concern and better manage on-campus parking, the Security and Safety Department asks that all personnel refrain from parking in non-authorized areas. Absent voluntary compliance, traffic notices will be issued to autos found parked in violation of the Traffic Control Policy.

If you have a situation that requires special consideration, please contact the Security and Safety Department to discuss an appropriate solution. Your cooperation and understanding will be appreciated.

FACULTY SENATE
Minutes of the September 10, 2002 Meeting

Excused: None

Guests: Lynn Collins, Kathleen Vito

The meeting was called to order at 12:35 p.m.

Minutes of the May 6, 2002 meeting were approved.

The Senate met in Executive Session and made appointments to two committees.

In open session, the Senate addressed the following items:

Health Insurance

The Senate discussed the issue of University contribution to the current health insurance plan. Several Senators expressed concern that the contribution is not keeping pace with the sharp increase in health insurance premiums, especially for families. Currently, the University contribution to the health insurance premium barely covers the cost for an individual’s coverage.

One Senator provided some background on the issue from previous Financial Affairs Committee discussions. The University has traditionally pegged the contribution to the health and dental insurance rate for a single faculty member. A Senator stated that the University health contribution had not been increased since 1994. When the University changed to Keystone, premiums dropped but the University contribution remained unchanged so the contribution covered a portion of the cost of family premiums until rates began increasing. Until recently, the university contribution covered the entire cost at this level. Two-year old figures indicated that, out of 775 employees enrolled in the health program, only 227 were using the full University contribution. However, it is anticipated that the steep increase in premiums will continue, and that the University contribution will cease to cover even the most basic coverage.
A number of questions were raised about the University’s current insurance plan:

- Does the University bid competitively for health insurance?
- Has the percentage of faculty taking the full monthly contribution changed over the past two years?
- What is La Salle’s “utilization history”? (How do the number of claims filed by our employees compare with those of similar institutions?)
- Are people forgoing participation in the health plan because they cannot afford it?
- What other health care options exist in the Philadelphia market?

Four Senators volunteered to form an ad hoc committee in order to refine these questions and formulate others. The committee is composed of Anne Walsh, Maryanne Bednar, Eileen Giordino, and Steve Smith. Jan Ambrose was to be invited to join this committee, also. The questions will be forwarded to the Financial Affairs Planning Committee. Several Senators expressed the view that FAP should cooperate with University administrators in order to investigate the situation.

**Arts and Sciences Dean Search**

The Senate then turned its attention to the search for a Dean for the School of Arts and Sciences. The process last year failed to produce someone to fill the position. Several Senators reacted to the Provost’s announcement that a national ad for the position was being run and that the position is expected to be filled by January. Several faculty had expressed concerns about the timing of the re-opened search process, the role played by the search firm hired to fill the position, evidence of the lack of professionalism displayed by the search firm, and the role played by the search advisory committee.

**Teaching Evaluations**

The Senate President announced that several efforts were underway to investigate and/or revise the current student evaluation form. Both the Provost’s Office and the Faculty Development Committee indicated that they planned to explore the possibility of revising the current form. Several Senators indicated that they would like to see the process driven by faculty members. The issue was tabled until the next Senate meeting.

The meeting was adjourned at 2:05 p.m.

Respectfully submitted:

Michael Smith
Student Press Committee
October 9, 2002
Minutes

Present: Anna Allen, John Beatty, Megan Cahill, Frank Ciaburri, Tonya Ellis, William Hall, Danielle Landwher, Karen Shuster
Absent: David Falcone, Anne Marie Smith
Excused: Chris Casimiro

This meeting of the Student Press Committee started with the announcement that John Beatty accepted the position of Committee Chair. The Committee then reviewed and approved the minutes from the last meeting on September 25, 2002.

- Members were also informed that if they were having trouble accessing the database, they should try the following instructions: go to “Open Databases,” then to “Server Type” and type in “sln.lasalle.edu.”
- Anna also updated the Committee on the Division of Student Affairs’ new website, Together and By Association – Electronically, or TBA-E, where a summary of every committee’s minutes will be added. TBA-E will be used mostly by staff members in the Division of Student Affairs to communicate and update each other. Anna offered to create this summary for the Committee.
- Anna also updated the Committee on last meeting’s suggestion to ask Jack Humma, Director of Administrative Services, if he would assist in the distribution of the Collegian. Unfortunately, he will not be able to assist the Collegian, unless he opens this opportunity to all student organizations with publications. He did, however, offer the use of University vans to help distribute the Collegian, and it was suggested that members of the Collegian acquire their La Salle vehicle operator’s license in order to do so.

The meeting was then turned over to the Chair, John Beatty. John recommended that the Committee use the database in the future to review the minutes from the previous meetings, after Danielle sends an email notifying the Committee that they are posted. Committee members are expected to submit requests for changes to the minutes within a week of posting them on the database. Danielle will then re-post the minutes for approval if requests for substantial changes have been submitted.

- The next two meetings were then scheduled. The next meeting will be held on October 30, 2002 in Union 310 at 1 p.m. Robert Chapman from the Alcohol and Other Drug Program and Stacie Shaver from Community Development will be invited to speak at this meeting. The following meeting is scheduled for December 4, 2002, as a tentative and provisional meeting. The Committee will only be called together for this meeting if need be.

The Committee then reviewed potential changes to its responsibilities and membership that were previously discussed at the last meeting.

- The opening statement in the Committee’s charge was also discussed. In particular, the Committee focused on the statement “the Committee formulates general policies…” Although it was questioned whether or not this was still applicable to the present Committee, it was decided to retain this charge, but to amend it to read “The Committee formulates general
• policies as needed." In the future, WEXP plans to start advertising online and there may be a need to change policies in order to accommodate this type of publication.

• Also in the opening statement, there is an "etcetera" that is not explicit in identifying exactly which organizations that it refers to. It was offered that there should be a part of the Committee’s charge that states, "these organizations, as described" or "these specified media forms."

• Under Membership, the Committee charge states that the Committee will include two non-senior, non-voting student members, one from the Collegian staff and one from the WEXP staff. It was viewed as a benefit to have a more equal balance between students and staff, considering this Committee directly affects both the Collegian and WEXP. The consensus was to retain this part of the Committee’s membership and to list it as item 1 (i). Item 1 in the Committee’s charge would then read: “The Committee will be composed of the following eleven (11) voting and two (2) non-voting members.” An earlier idea to add the managing editor from the Collegian to the Committee was also dismissed on the grounds that there would already be two members from the Collegian on the Committee.

• Next the Committee directed its attention to the part A under Membership in its charge. The Committee inquired why its charge included advising the Provost, since it is affiliated more with Student Affairs and the Dean of Students. Anna clarified that the Committee advise the Dean of Students, and ultimately, because the Provost is our representative on the President's Team, also advise the Provost, as needed and requested.

• Another issue was whether a Yearbook staff member should be included in the Committee's membership. Members who have been on the Committee in years past were unsure as why a Yearbook staff member was never added as a Committee member. It was suggested that perhaps an at-large representative, such as the two current Students' Government at-large members, should be from the Yearbook.

• From that point, the Committee also considered but did not change the rationale for the La Salle 56 Producer's role on the Committee. La Salle 56 is not associated with Student Affairs and is not run by students, but the producer's role is more of an advising one, based on expertise and correlation and is not necessarily bound by the Committee.

• The post publication review process was also further discussed. It was decided that students should have more involvement in this process; that the review should be conducted by peers of these student organizations, in order to preserve the integrity of the students. Bill Hall also suggested changing the quorum of the Committee to reflect the addition of students to the Committee and the post publication review process. In retrospect, the Committee inspected last year's post publication review and how to improve the structure of such a process. Anna posed to the Committee that it should think about the post publication process and how it can respond regularly as well as in perceived crisis situations, as there is a need to be equally responsive in both. These are issues to be further discussed in future meetings, perhaps later in the year.

Suggested goals for the year:

• To review the membership of the Committee.
• To review the responsibilities of the Committee.
• To create internal guidelines for the Committee’s responsibilities.

If there are any additions or changes to the Committee's charge that have not been discussed, please post them as soon as possible on the Lotus Notes database.

JUSTIN CRONIN WINS WHITING AWARD FOR FICTION

From the New York Times 31 October 2002

Laurels

Five fiction writers, three poets and two playwrights were named the recipients yesterday of the 2002 Whiting Writers' Awards, of $35,000 each. Since 1985 the prizes have been given yearly by the Mrs. Giles Whiting Foundation to emerging writers. The winners are Jeffrey Renard Allen of Queens, fiction writer and poet; Elizabeth Arnold of Washington, poet; Justin Cronin of Philadelphia, fiction writer; Kim Edwards of Lexington, Ky., fiction writer; David Gewanter of Washington, poet; Melissa James Gibson of Brooklyn, playwright; Michelle Huneven of Altadena, Calif., fiction writer; Danzy Senna of Manhattan, fiction writer; Evan Smith of Savannah, Ga., playwright; and Joshua Weiner of Washington, poet.
WHEN IT COMES TO KIDS, THE SNIPER IS US
WE ARE NOT KEEPING OUR CHILDREN SAFE, BUT THAT'S NOT NEWS

"YOUR CHILDREN ARE NOT SAFE."
Was the sniper referring to the fact that, in the United States, nine children are killed by guns every day, and that about 1 in 1,000 will be killed by guns before age 20?
Or that 103 Philadelphia children and youths were murdered last year, 90 percent of them by firearms? (In the state, there were 124 deaths by firearms; nationally, it was 3,365.)
Or that in this city, 10 children younger than 5 are murdered each year?
That firearm deaths among children is almost 12-times higher in this country than in 25 other industrialized nations combined?
That every year more than 20,000 children and youths are killed or injured by firearms in the United States. (Philadelphia had 735 gunshot victims aged 12-24.)
That homicide is the leading cause of death in this city for youths 15-19 years old?

"YOUR CHILDREN ARE NOT SAFE."
Was the sniper referring to the fact that Pennsylvania ranks second among states in percentage of uninsured children?
That nearly a quarter of all 2-year-olds in the state are not fully immunized?
That every day in this country, 1,310 babies are born without health insurance?
Or that 1 in 139 children in this country will die before their first birthday?
Or that 11.6 million American children live below the poverty line? Or that about a third of Philadelphia's children are poor?

"YOUR CHILDREN ARE NOT SAFE."
Did the sniper mean that although the United States ranks first among 25 industrialized nations in military technology, gross domestic product, health technology and defense spending, we are last in protecting our children against gun violence, nearly last in infant mortality, 17th in low-birthweight births and 18th in income gap between rich and poor kids.
Is that what the sniper meant? In which case, who's the real sniper?

Let us remember in prayer all who have passed from death to life.

November is traditionally the month during which Christians remember, in prayer, those who have gone before.

Cards have been placed throughout the campus on which you can record the name of a person whom you would like to be remembered in prayer.

If it is more convenient, please write a name in the space below and return this form to us at Box 841, Campus Mail.

(Please write name here.)

You are also invited to participate by stopping by the De La Salle Chapel in College Hall, taking a card or two from the basket, and praying for the person(s) for whom another member of the University Community has asked prayers.

Research Fellow in European Affairs
The Heritage Foundation

Tuesday, November 5, 2002
12:30-2:00 pm
Ballroom, Union Building

Free and Open to the Public

In his position as Research Fellow, John C. Hulsman examines European security and NATO affairs, the European Union, U.S.-European trade and economic relations, and the war on terror. He makes regular appearances with ABC, Fox News, CNN, CNNfn, MSNBC, PBS and the BBC. Prior to joining Heritage, Hulsman was a fellow in European studies at the Center for Strategic and International Studies (CSIS) in Washington. He also taught world politics and U.S. foreign policy at the University of St. Andrews, Scotland, where he specialized in American foreign policy during the post-Cold War era, and the relationship between NATO and the European Union. Hulsman is the author of "A Paradigm for the New World Order" (1997, Macmillan Press, Basingstoke, United Kingdom/St. Martin's Press, New York City) which uses the Bosnian crisis, U.S.-Russian relations, trade issues and NATO expansion as case studies to examine the American role in world politics. His most recent book, "The World Turned Rightside Up: A New Trading Agenda for the Age of Globalization," (2000, Institute of Economic Affairs, London) advocates a global free trade association comprised of genuine free trading nations around the world as a solution to the current logjam on trade issues and a way to cement the vital US-UK strategic relationship in the new era.

Newtown, Bucks County Campus

Dr. Cindy Turk earned her Ph.D. in Clinical Psychology from Oklahoma State University. She also completed a sub-specialty in Health Psychology and Behavioral Medicine. Dr. Turk will begin her stay at La Salle this fall as a Clinical Supervisor and Professor who will be developing an Anxiety Disorders Clinic out of our Community Center for Counseling and Psychological Services. Dr. Turk comes to us from Temple University where she is Associate Director and Post Doctoral Fellow with the Adult Anxiety Clinic.

The theoretical and empirical work that forms a basis for a cognitive behavioral understanding of social anxiety disorder will be reviewed. After reviewing the empirical support for the use of exposure and cognitive restructuring in the treatment of social anxiety disorder, a specific treatment protocol will be presented. Common themes and clinical issues that arise during the course of treatment will be discussed.

Dear faculty and staff members.

We are writing to encourage your participation in Branch Out 2002 - 2003. As many of you know, Branch Out was rained out last year. As a result, the Student Coordinators came up with the idea of mini branch outs, which allowed students to participate in service work throughout the year. It was then decided that Branch Out would be a yearlong project rather than just a one-day event.

This year, we are requesting that each student team has an advisor. An advisor is extremely helpful to the Branch Out Student Coordinators and to their respective team. The Student Coordinators use the advisor as a contact for information regarding the day of service, the site for service, and for help with transportation (i.e.: driving a rental or La Salle van). We also ask the advisors to be in contact with the team members to relay important information.

As a faculty and/or staff member, we are encouraging you to participate in Branch Out as an advisor. Our hope is that Branch Out is spread throughout the campus not just among the students, but also among the broader La Salle University community.

If you have any questions, please stop by Benilde hall 2nd floor or call x 1804.

Thank you,

Branch Out Student Coordinators

PS- Please complete the form below if you are interested in being on our advisor list and send to Box 829 Attn: Branch Out Coordinators. Thank you!
