Branch Out – 2002 - 2003
LaSalle University ~ University Ministry and Service

Dear Students, Faculty, Administration, Staff, Alumni, and Trustees:

We are writing to invite you to participation in our 8th year of Branch Out. While it has been our tradition to start our academic year with a day of service we have made a major change in our approach. Branch Out will be an ongoing commitment throughout the academic year. The first Friday and Saturday of the month from October through April with the exception of January there will be teams going out into the community for BO. This change has come about for many reasons.

Last year, after months of preparation, BO was rained out. We were very disappointed but our student leaders made some changes that may be even better. As many of you know they created mini Branch Outs ("Twig Outs") throughout the academic year. The idea was a good one because it gave us flexibility, and contact with the community throughout the year.

With the option of either a Friday or a Saturday we hope to meet community and student needs, and create a good experience. The time will vary depending on the availability of both groups. Please bear in mind that we cannot guarantee the availability of a site unless we have enough time to work with the community to set things up. Therefore, it is important that you sign up for a date as early as possible and no later than two weeks prior to the date of the service. Requests will be on a first-come first-serve basis. The dates are: Oct. 5, Nov. 1/2, Dec. 6/7, Feb. 7/8, Mar. 21/22, and Apr. 5. Sign-up forms are available in both locations of University Ministry and Service, on the lower level of College Hall and on the 2nd floor of Benilde.

It is our intention to work in partnership with our neighbors joining them in a project that will last about 3 hours. Every team must have a faculty or staff advisor to go with them. We will facilitate communication between the team and the site prior to the day of service to work out the details.

Please join us in a Pre-Branch Out bash to kick off this year's community service on Friday, Oct. 4th from 300-600 in the Main Quad. If you have any questions please call us at 215 951-1804. We look forward to working with you.

In community,

Please note that the Jewish High Holydays of Rosh Hashana and Yom Kippur will be celebrated on the following dates this year.

The new year begins with the celebration of ROSH HASHANA starting with the sunset of Friday, September 6th.

YOM KIPPUR, the Day of Atonement, begins with the sunset of Sunday, September 15th, and continues until the sunset of Monday, September 16th.
O God, we pray for all those in our world
who are suffering from injustice:

For those who are discriminated against
because of their race, color or religion;

For those imprisoned
for working for the relief of oppression;

For those who are hounded
for speaking the inconvenient truth;

For those tempted to violence
as a cry against overwhelming hardship;

For those deprived of reasonable health and education;

For those suffering from hunger and famine;

For those too weak to help themselves
and who have no one else to help them;

For the unemployed who cry out
for work but do not find it.

We pray for anyone of our acquaintance
who is personally affected by injustice.

Forgive us, Lord, if we unwittingly share in the conditions
or in a system that perpetuates injustice.

Show us how we can serve your children
and make your love practical by washing their feet.

SELF DISCLOSURE IN PSYCHOTHERAPY

Allan B. Elfant, Ph.D., ABPP
Clinical & Consulting Psychologist

Friday, September 20, 2003
1:15-4:15 P.M.
Main Campus – Dunleavy Room

Dr. Allan Elfant is a clinical and consulting psychologist in State College, Pennsylvania. He serves on the American Psychological Association Council of Representatives representing the Division of Group Psychology and Group Psychotherapy (Division 49), and has been on the Board of Directors of the American Group Psychotherapy Association. He frequently leads workshops on the issues pertinent to intensive psychotherapy.

The psychotherapeutic relationship is pertinent to our work with patients. The clinician’s personal experiences in the clinical dialogue and exchange can provide a textured connection to the patient’s inner world. Disclosure of such experiences may enrich the patient’s odyssey in search of healing and transformation. However, evocation and expression of psychotherapist responses and self disclosure also pose possibilities of risk and injury to the patient and to therapeutic progress. This intensive workshop will explore the potentially creative and possibly harmful effects of the therapist’s subjective reactions and the revelation of these reactions. Ethical issues will be raised pertaining to the therapist’s proper role, function, and task in considering the use of self and self disclosure in the clinical encounter. It is requested that participants bring illustrations from their own practices.
