FACULTY SENATE
Minutes of the May 6, 2002 AM Meeting

Excused: E. Giardino

New Senate Present: R. DiDio, S. MacLeod, E. Paulin

Guests: L. Collins, J. Frizzell

The meeting was called to order at 9:00 AM. The minutes of the April 15, 2002 meeting were approved as written.

The Senate Vice-President reported the results of the Senate election. Of 191 faculty eligible to be elected to Senate, 106 were listed on the first ballot. The number of faculty voting on the first and second ballot was 103 and 130 respectively. Elected to Senate were: Richard DiDio, Linda Elliott, Stephen Longo, Sidney MacLeod, Elizabeth Paulin, Scott Stickel, and Jeannie Welsh.

The Senate Vice-President asked the Senate to consider whether there was a more efficient way to manage the election process. Some faculty listed on the first, and even on the second, ballot did not intend to stand for election and their names were subsequently removed. After some discussion, a suggestion was made that candidates on the final ballot be contacted by phone to verify their willingness to run.

A question was raised about eligibility to vote. The Senate Vice-President stated that according to the by-laws, only full-time faculty are eligible to vote and to serve on the Senate. Any change, such as opening the election to partially retired faculty, would require an amendment to the by-laws.

In closed session, the Committee on Committees presented its recommendations for Faculty Senate appointments to standing committees.

The Chair of the Academic and Faculty Affairs Committee presented proposed definitions of “majority” and “quorum” for use in tenure and promotion decisions. There was discussion as to whether abstentions are counted as part of the vote total in determining “majority” and whether absentee votes should be accepted in the departmental vote. No action was taken on the report. The members of the Academic and Faculty Affairs Committee were asked to consider the issues raised in the Senate in drafting their definitions. The proposal will be placed on the agenda of the September Senate meeting.
The Senate President reported on the meeting of an ad hoc group assembled by the Provost on April 19 to discuss accelerated programs. The group decided to continue the five-week format used in the RN/BSN program for the next academic year, but that a committee would be formed to study programs that serve adult part-time learners. Subsequently, the Senate Executive Committee met with the Provost to discuss composition of the committee. The Provost has stated that the premise of the committee work is that there will be changes in programs that serve adult part-time learners. In response to a question, the Senate President stated that committee recommendations would be reviewed by the Academic Affairs Committee. Following discussion, the Senate prepared a list of faculty names to recommend to the Provost for service on the committee.

The Senate President extended his thanks to all who have served with him on the Senate. Due to a lack of time, the Senate adjourned for lunch and deferred the remaining items on the agenda until the afternoon meeting. The Senate reconvened at 1:30 PM and completed the agenda items.

D. Cichowicz presented a request from the Provost that members of Leaves and Grants, Faculty Development, and Sabbatical Review Committees meet to review the charge of each group. The Senate selected members from each committee and the names will be forwarded to the Provost. There was a request that the Provost make clear the charge to the group.

In the context of Leaves and Grants, a Senator mentioned that the budget is supposed to cover six leaves and if not all are used, the monies are to be available to cover an additional summer grant. However, for at least the last several years, leaves have not been directly funded, but rather been covered through money budgeted for adjuncts. That means that there is no money to transfer to summer grants if only five of the six available leaves are awarded.

The Senate President noted that the Co-Chairs of the Faculty Development Committee have sent a proposal to the Senate that a committee or task force be set up to review La Salle University's teaching evaluation form. The proposal will be presented to the Senate in September.

The members of the Senate thanked Marc Moreau for his service as President.

The meeting adjourned at 2:00 PM.

Respectfully submitted,

Jeannie Welsh

Committee on Committees
Tom Straub (chair)

Richard Mshombwa
Anne Walsh

Academic and Faculty Affairs Committee
Paul Brazina (chair)
David George
Michael Kerlin
Eileen Giardino
The remainder of the meeting was spent identifying Senate concerns and agenda items for the 2002-2003 academic year. The main issues to emerge were these:

- Faculty salary and issues related to the process and practice of determining salary and benefits via the Financial Affairs Planning Committee.
- Request for information regarding University advancement and development issues. The cost of the growth in this administrative area was raised as an issue. Suggestions included asking that the advancement report to University Council also be forwarded to Faculty Senate and having Brian Elderton make a presentation to the Senate regarding development issues.
- A request for further information regarding the allocation of tuition revenues.
- Review and recommendations for the Arts and Sciences Dean search.
- Recommendation that the university core curriculum administrator position be designated a non-voting ex-officio member of the appropriate university committees, such as the curriculum committee. This action would require a change to the University Handbook.
- Continued work by the Academic and Faculty Affairs Committee on clarifying “quorum” and “abstention” votes in the tenure and promotion process.
- Planned review of the Faculty Mediation and Grievance Policy and Procedures.
- Information regarding the allocation of funds for Leaves and Grants and summer grants.
- Update on accelerated program(s) and the ad hoc committee formed at the close of the 2001-2002 academic year to consider adult learning program restructuring.
- Olney Hall air quality status as follow up to OSHA and SynerTech report.
- Clarification of information on Brother Luwis regarding posting of grades.

The meeting adjourned at 3:10 p.m.

ACTIVITIES FUNDING BOARD MINUTES 9/19/02

ABSENT: E. Beardon, T. Blum, S. Spoto

MINUTES TAKEN BY: M. Doyle

BOARD BUSINESS I/Sexual Assault and Violence Ends (S.A.V.E.) Program For Self-Defense:

S.A.V.E is requesting $1,700.00 to fund a Women's Self Defense Course. The course would run through the month of October and would be open to the entire campus. Even though it is a course for the self-defense of women, men are welcome to attend. Given the number of students who would be able to attend the event, the Funding Board members decided to fund the program for $1,000.00.

MOTION: N. Kirby to fund $1,000.00 towards the course
SECOND: R. Palladino

VOTE: In Favor: 7  Opposed: 3  Abstain: 0

BOARD BUSINESS II/WEXP- CMJ Conference in NYC:

WEXP requested $1,136.00 to send two people to the College Music Journal Conference in New York on 11/1/02. The Funding Board feels the transportation and hotel fees were high and decides to fund the organization for the registration fees of the conference.

MOTION: R. Bush to fund $490.00 for the conference
SECOND: R. Shay

VOTE: In Favor: 10  Opposed: 0  Abstain: 0

BOARD BUSINESS III/Discussion of Distribution of Funds:

The Dean of Students has asked the Funding Board to assess how and by what means it distributes funding.

Suggestions:

1. The suggestion to raise the Student Activity fee seems like a good suggestion until it was pointed out that to raise any fee, especially after the tuition hike this year, couldn't happen until the 2004-2005 school year because it has to be approved by the Student Affairs Committee as well as the Board of Trustees.

2. The suggestion to put more money into a few organizations and let the smaller organizations come to them for funding was made and the downside to that would be that all groups are suppose to be equal and that would change the dynamic of the groups.

3. The suggestion was to create a Student Programming Board. The Programming Board would be an organization that handles programming for the campus and helps student organizations program more effectively. There was comment that another group could make things more bureaucratic. There have been groups or even individuals that have an idea for a great program and when told to go to another group for financial backing the great idea just fell through. The Programming Board may even be seen as a place similar to the Funding Board to acquire funding (long-range goal).
4. The suggestion to give the Funding Board more money or set that money first and then do budgets next -- split it between the two semesters (more in the Fall) and then the Board would be able to hear more (different) requests to get new activities every year – not just the ones that worked this year.

5. The suggestion of a fund that specifically handles concerts could be established. Any group wanting to have a concert on campus would be able to access these funds.

6. The suggestion of a system of counting the number of students that are attending the programs the Funding Board sponsors was raised.

7. The suggestion creating more accountability for all the student organizations and University Departments to use their budgets in the manner in which they reported in their budget requests was raised. The Board believes the Business Office should have a user-friendly tool for students and staff to utilize when checking on budget information.

Concerns:

1. The charge to make changes in how the Funding Board allocates funds to student organizations is a large process. Last year the Funding Board gave out $120,000 in addition to groups getting their annual budgets.

2. If the goal of Student Affairs is to have more on-going activities every weekend sponsored by student organizations, they need to have more money and the cost for running the events that are successful every year has been going up, too. By cutting budgets we decrease our campus life – what makes us, us. When organizations have no discretionary money to use during the year, we can’t try new things; expand on what our organizations have already done.

3. The Board needs to identify what our annual traditions are – Opening Weekend, Greek Week, Carnifall, and see if students want to continue doing these things – see if they still want a ring ceremony and see if they can get funding outside of the Funding Board. Should the activities fee really pay for these activities when we don’t know what the charge will be year-to-year?

4. We can continue to document our concerns and present it to the POINT and they can talk to all the student organization leaders. More than just refiguring numbers – everything has to be explained.

5. The members of the Funding Board have asked to see the following:
   o The charge by the Dean to the Funding Board members.
   o The formulas the Business Office uses to determine allocations to the Funding Board.
   o A record of the funds allocated for the 2002-2003 academic year to date.

Meeting adjourned.

Dr. Gallagher graduated from the La Salle Honors Program in 1972 with a degree in religion. After completing his doctoral studies at the University of Chicago he joined the faculty of Connecticut College where he is currently the Rosemary Park Professor of Religious Studies. Among his several books is Why Waco, a work critical of the Waco tragedy due in no small measure to the lack of understanding by the FBI and the BATF on the role religion played in the situation. This book has led to Dr. Gallagher being retained as a consultant to law enforcement agencies in both the U. S. and Israel. In addition to his scholarship he has won several teaching awards, including the award from the American Academy of Religion for excellence in the teaching of religion at the college/university level – the only award given in the United States.

Location: Music Room

In the year following the 9/11 terrorist attacks faculty and administrators at colleges and universities have considered the question of how those events have – or should – impact the teaching environment. For example, the months immediately following the attacks showed an increased interest in courses on Islam, Arabic, and foreign policy and a move on some campuses to focus curricular attention on international issues. This panel discussion will address the impact of the events of 9/11/01 on our approaches to teaching and course content at La Salle. Panelists include Kay Sude (English), Gerry Ballough (Biology), Walter Schubert (Finance), Frank Mosca (Education), and Tamara Zurakowski (Nursing).

Students as well as faculty are encouraged to attend this session.
