FROM: Richard A. Nigro, Provost

DATE: March 10, 2003

Dear Colleagues:

I am pleased to announce the appointment of Dr. Thomas A. Keagy as Dean of the School of Arts & Sciences. Dr. Keagy will join the La Salle Community by mid-summer.

Dr. Keagy currently is a professor of mathematics and Chair of the Mathematics and Computer Science Department at Duquesne University in Pittsburgh. He has served in this capacity since 1987. Dr. Keagy received his Ph.D. in Mathematics from the University of North Texas in 1975, has been a teacher since 1969, has a strong record of mentoring faculty, has experience with strategic planning and Middle States accreditation, and has served as President of Duquesne’s Faculty Senate.

I want to express a particular debt of gratitude to the Search Committee. Each member has served with distinction, in my judgment, and it has been an honor for me to participate in their discussions. They are:

Dr. James Butler  
Brother Charles Echelmeier  
Dr. Preston Feden  
Ms. Marianne Gauss  
Dr. Jeffrey Kelly  
Brother Thomas McPhillips  
Brother Gerard Molyneaux  
Dr. Thomas Straub  
Dr. Samuel Wiley

MEMORANDUM

Date: March 14, 2003
To: To All Eligible Faculty
From: Bro. John McGoldrick
Assistant Provost
Subject: Lindback Award Nominations

Since 1961, a generous award from the Christian R. and Mary F. Lindback Foundation has enabled La Salle to recognize excellence in teaching by members of its full-time faculty. The award is presented to a faculty member whose teaching is characterized by superior knowledge of the subject matter, vitality and inspiration in its presentation in class, and devotion to helping students realize their potential.

Nominations for the award are invited from members of the full-time faculty and students in all divisions and programs of the University. The final selection from those nominations is made by a committee composed of the Provost; the Deans of Arts and Sciences, Business, and Nursing; the President of the Faculty Senate; and the Vice President for Academic Affairs of the Students’ Government Association.

The award is presented at the annual Commencement Ceremonies in May.

This announcement has been e-mailed to all faculty members in the past few days, along with a list of eligible faculty members and a nominating ballot. This ballot can be completed, printed, signed, and then delivered to Dr. Maryanne Bednar (Campus Box 227). Two other options are available:

- A printed version of the ballot and eligibility list are available in the Provost’s Office (Administration 315), in the Continuing Studies Office (Benilde Hall, 1st floor), in the Office of the Dean of the School of Business Administration (College Hall 211) in the Office of the Dean of the School of Nursing (Wister Mezzanine), and at the Bucks County Center.
- Faculty will also be able to submit a nomination on line at www.lasalle.edu/lindback

The deadline for nominations this year is Monday, April 7, 2003.

Thank you.

DATE: March 14, 2003

Dear Campus Community:

As you know, during the past few years we have endeavored to broaden the scope of our students’ experience by including more “international dimensions” to the University’s offerings. These initiatives have included travel study, focused recruiting of international students, creation of international partnerships (e.g., the Masters in Communication program now offered in Prague).

These exciting developments have required us to rethink how we administer these programs, since so much of what is necessary to deliver these programs crosses traditional departmental lines.

Accordingly, we have assembled an International Education Management Team. On the reverse of this memo is the team’s charge and membership. The Core Executive Team is chaired by Dr. Joseph Ugras. Please keep this information in an accessible place should you have the need for the Team’s services.

Thank you.
International Education Management Team

The team, charged by the Provost and the Vice President for Enrollment Services, oversees and coordinates the development and implementation of university-wide policies, procedures, and programs pertaining to recruitment of and services to international students and to study abroad and travel study. The core/advisory team will meet regularly to raise issues, develop collaborative approaches, solve relevant problems, and facilitate communication and collaboration among the members of the advisory team, which will be convened several times each year, as well. The core/advisory team will consult with appropriate offices and will keep the general campus community informed of its work. Specific areas of responsibility include:

Recruitment
- Coordinate undergraduate and graduate admissions and recruitment activity.
- Review, develop, and recommend any necessary changes to financial aid policies.
- Evaluate and recommend changes to admission/recruitment policies and procedures.

International Student Services
- Evaluate and recommend changes to current policies and procedures.
- Establish protocols for ongoing analysis of international student needs.

Study Abroad
- Evaluate and recommend changes to current policies and procedures.
- Establish protocols for ongoing analysis of each program’s success.
- Develop processes for development and management of new study abroad programs.
- Review and approve proposals for new study abroad programs.

Travel Study
- Provide a forum for the development of systems and procedures to support existing and emerging travel study courses.

International Community Service Projects
- Provide a forum for the development of systems and procedures to support existing and emerging international community service projects.

Health Advisory Committee Minutes – February 18, 2003

Present: Co-chairs: Lane B. Neubauer, Dina Oleksiak; Members: Nick Angerosa, Colleen Bauer, Anne Bullard, Danielle Landwher, Ricky Palladino, Scott Tajarian, Mary Ellen Wydan, Bonni Zetick
Absent: Sister Eileen McGowan, Chris Mickel, Earl Goldberg, Kristal Hankinson
Guest: Bob Levins

I. Smoking Survey
   a. Complaints have been brought to committee members about smoking that occurs in indoor spaces in office buildings.
   b. The committee continues to work on developing a survey for staff, faculty and administrators to assess attitudes towards current smoking policy.
   c. Some changes were suggested and incorporated into the survey.
   d. The committee feels strongly that the current version of the survey will provide objective information about current knowledge of the policy, attitudes towards the current policy, and behaviors related to smoking in classrooms and office buildings.
   e. The committee will explore if distribution of the surveys can occur through Human Resources rather than through Campus News since not all staff receive Campus News.

II. AED update
   a. Bob Levins updated the committee on La Salle University's purchase of 5 Automated External Defibrillators.
      i. Placement: La Salle Union, Administration Building outside of Admissions, Athletics, Security headquarters (mobile unit) and Bucks County Campus.
      ii. Training: Currently 32 public safety officers and 7 Administrative Services (La Salle Union) staff workers have received training.
      iii. Policy and Procedures are in Security Headquarters. In cases of emergency, dispatcher will call 911 and then send a trained officer to the person in need of assistance.
   b. Plans to train additional staff, i.e., Athletics staff.
   c. Suggestion to train some of the Admission staff since one of the units is located right outside of the Admissions office.

III. Ethical Directives
   a. The HAC reported in earlier minutes that the review of the Ethical and Religious Directives for Catholic Health Care Services had been completed.
   b. Committee was requested by the Dean of Students to 'provide a written report of the review process and the process findings'.
   c. The sub-committees will each describe the process they engaged in to come up with their conclusions and submit to Dina Oleksiak who will put together a summary to give to the Dean of Students.

IV. OSHA updates
   a. Ann Bullard informed the committee that Human Resources is near completion of developing a survey regarding OSHA regulations and will be distributing these to departments on campus identified as high risk for coming in contact with Bloodbourne pathogens and bodily fluids.
   b. As of Jan. 27th, Community Development staff has been directed by the Dean of Students to no longer clean up bodily fluids but instead to notify Physical Facilities. A cleaning liquid which CD staff can pour onto spills that helps contain and solidify these will be made available to the CD staff but that will be the extent of their involvement.

V. Health Fair
   a. Colleen Bauer reported that the funding request for the Health Fair was approved by the Funding Board.
   b. All committees are moving forward on their responsibilities.

VI. ADA issues
   a. Mike Lopacki will be attending the April HAC meeting to update the committee on these issues.

VII. Blood Drive – scheduled for April 8 & 9.

VIII. Next Meeting – March 19th at 1:00.

Respectfully submitted by Lane B. Neubauer Ph.D.

Presents

The Ven. Palden Gyatso

Wednesday, April 9
1 pm
Dan Rodden Theatre

Co-sponsored with the Department of Religion

Palden Gyatso was born in 1933 and raised in a small Tibetan village. At the age of eighteen, he became an ordained Buddhist monk at one of Tibet's most famous monasteries, Drepung Monastery. In 1959, when Communist China invaded Tibet, thousands of Tibetans who did not approve of the brutal occupation of their country were arrested and put in prison. Palden Gyatso was jailed by the Chinese authorities for being a "reactionary element."

Palden Gyatso spent most of the next 33 years in Chinese prison. Every time he would finish serving one of his long sentences, he would be re-arrested for taking part in political activities opposing the Chinese occupation. While in prison, Palden Gyatso endured violent physical and psychological torture. The Chinese authorities tried every means possible to break his spirit of resistance and his will to continue fighting for Tibetan freedom. He was beaten, shocked with electric cattle prods, and suspended from the ceiling above a burning fire.

Palden Gyatso never gave up his determination to fight for his country's freedom. In 1992, when he finally finished his last prison sentence, Palden Gyatso managed to escape to India, carrying with him some of torture instruments that had been used on him. Since his escape, he has traveled the world speaking to people about his horrendous experiences in jail and his continued mission to expose the injustice of the Chinese occupation of Tibet. He has testified in front of the United Nations Commission on Human Rights and the US Congress. Palden Gyatso is also the author of "The Autobiography of a Tibetan Monk" and "Fire Under the Snow: Testimony of a Tibetan Prisoner."

Attention La Salle faculty, staff, and students -- are you currently serving on a nonprofit board of directors, or interested in joining one? Then don't miss this special workshop being conducted only for La Salle University faculty members, staff members, and students who currently serve -- or are considering serving -- on nonprofit boards of directors. In this 2-hour session, we'll discuss: roles and responsibilities of nonprofit board members; legal liability of board members; roles of nonprofit boards vs. staff; organizational life cycles and transitions; the board's role in strategic planning and fundraising; and more. The Nonprofit Center can also connect you with local nonprofits seeking board members, and help you through the “on-boarding” process. Join us for a special opportunity to learn about board service, and network with other La Sallians who share your interests!
