RE: Class Excuse Policy

It is the policy of La Salle University's Student Health Center that written excuses for class absences due to illness will not be provided by the Health Center staff.

Responsibility for class attendance and completion of assignments rests primarily with the student who should discuss assignment issues with the individual course instructor when necessary.

In the event of serious illness requiring hospitalization or extended medical confinement, the Health Center will notify the Academic Dean of the absence without disclosure of privileged details.
La Salle University Names William J. DeVito as Director of Community and Economic Development

William J. DeVito has been named La Salle University's Director of Community and Economic Development. He will seek to attract business and investment opportunities to the Northwest Philadelphia neighborhood surrounding the La Salle campus.

"I was interested in this position because of the unique challenges that it presents," says DeVito, 34. "La Salle University is committed to restoring the economic vitality of this section of the City and enhancing the overall quality of life for its students and the surrounding community."

La Salle University President Brother Michael McGinniss, FSC, said, "We are very pleased to have someone of Bill DeVito's caliber join our team to help make the area surrounding La Salle's campus a better one in which to study, work, and live."

"Bill brings an impressive array of experiences and contacts in all aspects of economic development," said McGinniss. "His appointment is a sign of our continuing commitment, carried on by students, alumni, faculty, and staff, to the betterment of life in the area surrounding La Salle University."

DeVito brings extensive experience in government and finance. He had been Director of Government Affairs for the Philadelphia Housing Authority (PHA) before accepting the La Salle position. DeVito was at PHA for nearly two years, following a two-year stint in U.S. Senator Rick Santorum's office, where he was Director of Economic Development, working with various entities to identify and secure public sources of funding for a variety local projects geared toward creating jobs and generating economic growth.

From 1994 to 1999, DeVito was a Management Analyst for the City of Philadelphia, serving under the authority of the Mayor's Office. "I was assigned to various operating and executive agencies to identify existing management and productivity shortfalls, recommend appropriate remedies to mitigate inefficiencies and implement ongoing strategies to enhance the agency's overall effectiveness for providing vital public services in accordance with its mission," said DeVito.

DeVito was graduated from Temple University with an undergraduate degree in political science, and he earned a master's degree in government administration from the University of Pennsylvania.
A native of South Philadelphia, DeVito still resides there with his wife, Justine. He is on the Board of Directors for The Temple University Young Alumni Association, The Pennsylvania Economy League, The Union League, and Easter Seals of Southeastern Pennsylvania. He is also a board member for the Young Friends of the Rosenbach Museum and Library.

Re: Family Weekend 2003

Date: 09/24/03

In celebration of the 20th Anniversary of the Parents' Association, the Association and the University have changed the name of Parents' Weekend to Family Weekend. With this change, the activities and weekend events are designed to be more inclusive of all students (Undergrad Day, Evening and Graduate Students) and their families.

Family Weekend 2003 will take place on October 3-5 at La Salle University. The weekend is designed so that families will get to experience the fun and excitement of the La Salle community. Enclosed is a copy of the full schedule of events for the weekend. Invitations for Family Weekend are in the process of being mailed out to families of all of our current registered students.

If an office receives any phone calls regarding Family Weekend 2003, please transfer calls to Trey Ulrich at the Office for University Advancement (ext. 1834) or have families check out the Parents' Association website for updated information at www.lasalle.edu/parents. In addition, families can now email questions to parents@lasalle.edu.

Division of Student Affairs

Student Affairs Committee  
September 18, 2003  
Meeting Minutes

Present: Joseph Cicala (chair), Robert Chapman, Katie Daniels, Donna Fiedler, Evelyn Klein, Kevin Martin, Erin Oakes, Nikki Schwartz, Ray Shay, Jen Weldon.

Excused: Alice Carcilli, Margaret McCoey, Lane Neubauer.

Guest: Annette O’Connor.

1. Dr. Cicala offered a moment of reflection to begin our meeting.

2. We reviewed our statement of charge and membership, and new members were encouraged to review the archive of updates regarding our work in 2002-2003 that appears in the TBA~E section of the Division of Student Affairs website.

3. Our guest today, Professor of Biology Annette O’Connor, presented for our consideration, as she also was invited to do for the Division of Student Affairs Leadership Team on September 17, the idea that we broaden training and/or information-dissemination regarding our disciplinary systems and procedures to include, potentially, a small corps of faculty and staff members who might complement the work of our current judicial officers by serving as informed advocates and/or advisors for students who might be involved in disciplinary situations. The idea, which Prof. O'Connor and Dr. Cicala discussed informally last year and which Dr. Cicala subsequently reviewed with one of our Judicial Boards, was received positively by our committee, as it had been by the DSA Leadership Team. The latter will develop one or more operational plans, for discussion with our committee and others, and believes this can be a valuable complement to the work that already has been underway over the past few years to broaden and deepen the involvement of Lasallians beyond the Community Development unit and the Dean of Students' Office in our primarily educational judicial system.

Respectfully submitted,

Joseph J. Cicala, Ph.D.

Health Advisory Committee Meeting
September 12, 2003

Present: Co-chairs: Lane B. Neubauer, Dina Oleksiak; Members: Kristal Hankinson, MaryEllen Wydan, Ann Bullard, Danielle Landwyer, Stefania Nolano, Rejeanne Richard, Deniece Robinson
Absent: Sr. Eileen McGowan, Kevin Riley, Earl Goldberg, Scott Tajirian

I. New members were welcomed to the Health Advisory Committee. The mission of the committee was explained.

II. Last year’s accomplishments and goals were reviewed.

III. Smoking Policy – update

a. Minutes from the May 28th Health Advisory stated “The Committee is unanimous in recommending that the current Smoking Policy be changed to make all classroom and administrative buildings smoke free by the start of the 2003-2004 Academic Year.” These minutes were published in Campus News and submitted to the Dean of Students and to the Provost at the end of Spring 2003 semester to be passed on to the President’s Team. The Committee was informed that the recommendations are currently being reviewed and no feedback is available as of today’s meeting.

b. The HAC discussed options as to how to proceed. Although the HAC recognizes it serves in an advisory capacity, the committee believes this is a serious health issue that needs to be addressed as soon as possible. Several members of the committee report having been approached by staff and/or faculty asking about the status of moving the HAC recommendations forward due to their personal health concerns. Faculty and staff have reported to the HAC members that they avoid certain areas when possible to avoid second hand smoke but often don’t have a choice but to expose themselves to cigarette smoke due to individuals smoking in their offices.

IV. HAC Goals for 2003-2004

a. Continue to work toward a smoke free environment.
   i. Step 1 – Classroom and office buildings to become smoke free (Dec. 2003).
   ii. Step 2 – Student Residences to become smoke free (May 2004); this is under serious consideration by the Dean of Students, who already has requested discussion with the Resident Student Association, and the Division of Student Affairs.

b. Identify OSHA issues that need addressing on campus.
   i. Are staff members who handle bloodborne pathogens receiving proper training? Make recommendations (Jan. 2004).

c. Work collaboratively with the new Director of Security to address ongoing training needs related to the Automated Defibrillators on campus (Dec. 2003).

d. Identify and disseminate information about relevant health issues impacting the La Salle University community when appropriate (ongoing).

e. Organize Blood Drives and meet donor goals (Nov. 2003; April 2004).

g. Continue to work with Physical facilities to address accessibility issues on campus (March 2004).

V. Meetings for the rest of the Fall semester are scheduled for 2 p.m. on Fridays, Oct. 10th, Nov. 7th & Dec. 5th.
