SUBJECT: SOUTH CAMPUS ROADWAY

Please Slow Down!

Construction personnel have expressed concerns to us that cars are traveling at unsafe speeds along the South Campus roadway in the construction area.

Due to the construction project, the roadway has some restricted vision areas and it is shared by both pedestrians and vehicles. Cars traveling at more than ten (10) mph within the construction area can create a dangerous situation.

For the safety of all we ask your special cooperation in complying with the speed limit and other traffic regulations in the construction site.

Incoming Freshmen Parking Policy - Information for the La Salle Community

After analyzing the current parking situation on campus and projected needs for next year, the University has decided to change a section of its Traffic Control Policy as it applies to parking privileges. Accordingly, the following letter will soon be sent to incoming freshmen.

Dear Student,

Welcome to La Salle University. Unlike most other universities and colleges, La Salle offers freshman students on-campus parking.

As a courtesy to our neighbors, we encourage all students to use on-campus parking facilities instead of trying to find parking in the surrounding community.

Freshman students are assigned to one specific parking area, which is the University’s Good Shepherd Lot (“G” Lot). Unlike the other campus lots, Good Shepherd is free. In order to use this lot, students must complete a parking permit application and receive a permit/hangtag to display.

For parking policy purposes, freshman students are defined as “incoming full-time freshmen.”

Freshman students, either living on campus or commuting, are not permitted to use any other campus lot.

The Good Shepherd Lot (“G” Lot) is located in the northwest section of campus and is also used by the faculty and staff, as well as upper classmen residing in the nearby residence facilities. A security officer is assigned to this lot year round (24 hours a day, 7 days a week), with other officers patrolling the area throughout the day and evening hours.

La Salle University’s Shuttle Service, which is operated by uniformed security officers, makes a stop within this parking facility. The shuttles run from 7:30 a.m. until 2:00 a.m. during the week and until 3:00 a.m. on weekends. Shuttle schedules are widely available around campus.

Students should apply for parking permits prior to the first day of classes (August 30, 2004), to avoid being denied access to the parking facilities and/or being issued parking violations.

Freshmen with special parking needs, such as physical disabilities, should contact Mr. John Gallagher to discuss any possible arrangements.

Contact by phone: (215) 951-1066
Contact by e-mail: gallaghj@lasalle.edu

You may obtain your parking permit either by mail or in-person. For your convenience, we encourage you to mail your application prior to the start of the semester.

(over)
By Mail

Complete the enclosed application, including the student’s ID number (if known) or social security number, the vehicle information (particularly the license plate number), and return it to the Security and Safety Department in the self-addressed envelope provided. A parking permit will not be issued if the application is incomplete.

Your parking permit will be sent to the address you provide in the Parking Permit Application. Applications received at our office after August 21—or those with incomplete information—will be held in the Security and Safety Department’s Parking Office.

In-Person

The Parking Office is located on the 2nd floor of the Security Headquarters, (Building #36 on the Campus Guide Map). Normal business hours are 9:30 a.m. to 4:30 p.m., Monday through Friday.

SPECIAL LATE HOURS AT THE START OF THE FALL SEMESTER

The Parking Office will remain open until 7:00 p.m. each night on the dates listed below.

Dates: Monday, August 30 to Thursday, September 2, 2004

Permit applications and copies of the Traffic Control Policy are available in the Security and Safety Office, or on our Web site at www.lasalle.edu/security.

If you have any questions or need assistance, please contact Mr. John Gallagher, Assistant Director, Security and Safety Department at (215) 951-1066 or by e-mail at gallaghj@lasalle.edu.

THOUGHT FOR THE WEEK FROM THE
LA SALLE AAUP

Leading a university is . . . a much more uncertain and ambiguous enterprise than managing a company because the market for higher education lacks tangible measureable goals by which to measure success. . . . No university can measure the value of its research output or determine reliably how much its students are learning. For this reason, efforts to adapt the corporate model by trying to measure performance or “manage by objective” are much more difficult and dangerous for universities than they are for commercial enterprises.

Derek Bok, former President of Harvard University (Universities in the Marketplace, p. 30)

Where do we at La Salle stand on the concerns expressed above? Comments would be appreciated. E-mail them to David George (george@lasalle.edu) and Charles Desnoyers (desnoyer@lasalle.edu).
